MEMORANDUM OF EXCLUSIVE PATENT LICENSE

THIS MEMORANDUM OF EXCLUSIVE PATENT LICENSE (this "Memorandum"), dated the 30th day of July, 2012, is by and between IP INVESTMENTS HOLDING, LLC, a Florida limited liability company ("Licensor"), and N-PLAY RE, LLC, a Delaware limited liability company (together with it's predecessor, a Florida limited liability company) ("Licensee").

By License Agreement dated May 29, 2012, Licensor granted to Licensee an exclusive License (the "Original License Agreement") to, among other things, all patents and patent applications related in any way to Internet auction or offer management systems and methods, or to internet facilitated sales, leasing, renting or transacting, or to the Field of Use, which are owned or controlled by Licensor. Licensor and Licensee now desire to confirm the existence of the Original License Agreement and its applicability to certain patents and patent applications as listed on Exhibit A (the "Subject Patents"), as a matter of public record, by recording this Memorandum setting forth the principle terms of the License.

1. Licensor has granted to Licensee an unconditional, transferable, fully paid-up, royalty-free, exclusive, irrevocable, worldwide right and license under the Subject Patents to design, make, have made, use, practice, modify, copy, perform, improve, display, offer for sale, sell, import, export, sublicense (through multiple tiers of sublicensees or distributors), service, distribute and market, within the Field of Use, anything, including without limitation, any product, any process, any system and any service (hereinafter referred to as the "Patent License").
2. "Field of Use" is defined in the Original License Agreement to mean the real estate industry and all matters related to the real estate industry, including, but not limited to, buying, selling, renting, leasing, searching for, and transacting-for commercial and residential real property and /or structural improvements on real property.
3. Licensee has been granted by Licensor a right of first refusal, according to terms of the Original License Agreement, to receive exclusive and non-exclusive licenses under the Subject Patents outside the Field Of Use
4. Licensee shall have the right in any country in which it has the exclusive license under any of the Subject Patents to bring proceedings to prevent or terminate infringement of any of the Subject Patents or to recover damages in respect thereof.
5. Unless terminated earlier under an appropriate section of the Original License Agreement, the term of the license granted under the Subject Patents shall continue for at least the life of the longest lived of any of the Subject Patents (including any renewals or extensions thereof).
6. The License is governed under the laws of the United States of America and, as appropriate, the laws of the State of Delaware without regard to its principles governing conflicts of law.

7. It is understood that, while this Memorandum confirms applicability of the Original License Agreement to the Subject Patents, the scope of the Original License Agreement is not limited to the Subject Patents. The terms of this Memorandum simply confirm the Original License Agreement and the terms as expressed in the Original License Agreement shall control in the event of any discrepancy between this Memorandum and the Original License.
