ASSIGNMENT

THIS ASSIGNMENT, made by me, **David John Sayler**, citizen of the United States of America, residing in Portland, Oregon 97231;

WITNESSETH: That,

WHEREAS, I am one of the joint inventors of certain new and useful improvements in **MRI TRAJECTORY GUIDE SYSTEMS AND RELATED COMPONENTS INCLUDING FRAMELESS MOUNTS, TARGETING CANNULAS, LOCAL COILS, MOUNTING FRAMES, HEAD COILS, CONFORMABLE SURFACE MOUNTABLE MARKING GRIDS AND RELATED METHODS** for which a provisional application was filed in the United States Patent and Trademark Office on September 24, 2007, having Application Serial No. 60/974,821; and

WHEREAS, **Ziba Design, Inc.**, an Oregon corporation having a principal place of business at 334 NW 11th Avenue, Portland, Oregon 97209, hereinafter referred to as Assignee, is desirous of acquiring its empolyee's entire right, title, and interest in and to said invention as described in said provisional application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by these presents do confirm that I have assigned, transferred, and conveyed unto the said Assignee, its successors and assigns, the entire right, title, and interest in and to the said invention(s) and provisional application, and in and to any and all subsequent patent applications which claim the benefit of priority from said provisional application including PCT applications and national stage applications thereof, including all continuations or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted for the invention(s) in or on applications claiming the benefit of priority from said provisional application, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereof or therefor, together with the right to claim the benefit of priority from said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

I further covenant and agree that, to the best of my knowledge, at the time of the execution and delivery of these presents, I possess my full title to the invention(s) and provisional application above-mentioned, and that I have the unencumbered right and authority to make this assignment.

I further covenant and agree to promptly communicate to said Assignee or its representatives any facts known to me relating to said invention(s), to testify in any interference or legal proceedings involving said invention(s), to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention(s) in all countries and to vest in the Assignee complete title to the said invention(s) and Letters Patent, without further compensation, but at the expense of said Assignee, its successors, assigns, and other legal representatives; and I hereby instruct, and further covenant and agree to bind my heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said Assignee or its representatives.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on this 3 day of MARCH, 2008
