ASSIGNMENT

(U.S. and Foreign)

WHEREAS, Sweet Corn Products, LLC, of 124 North Broadway, Bloomfield, Nebraska 68718 (hereinafter "Assignor"), is the owner of the U.S. and foreign patents and patent applications listed on the attached Addendum by virtue of Assignment documents recorded in the U.S. Patent and Trademark Office (PTO) and foreign patent offices;

WHEREAS, WOODSTREAM CORPORATION, of 69 N. Locust Street, Lititz, Pennsylvania 17543 (hereinafter "Assignee"), is desirous of acquiring the Assignor's entire right, title and interest in and to the patent applications and patents, and the inventions as described in the patent applications and patents, as set forth on said Addendum, and any patents that may subsequently issue thereon (the "Patent Intellectual Property"), and Assignor is desirous of assigning such Patent Intellectual Property to WOODSTREAM CORPORATION;

NOW THEREFORE, for and in consideration of One Dollar (\$1.00), and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer, convey and deliver to Assignee, its successors and assigns, Assignor's entire right, title and interest in and to the Patent Intellectual Property set forth on said Addendum, and all patents which may be subsequently granted therefor, and all divisions, reissues, reexaminations, substitutions, continuations and extensions thereof; and Assignor

hereby authorizes and requests the Commissioner of Patents to issue all patents for said inventions, or patents resulting therefrom, to WOODSTREAM CORPORATION;

Assignor does hereby sell, assign, transfer, convey and deliver unto Assignee all of Assignor's right, title and interest in and to all claims for damages, accounting of profit and all other legal remedies by reason of past infringement of any of the patents and patent applications set forth on said Addendum, with the right to sue and collect the same.

Assignor represents and warrants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.

Assignor agrees that Assignor will, upon reasonable request, and without further consideration do such reasonable things and execute such further documents solely as are necessary to vest title in the Patent Intellectual Property in Assignee.

Assignor agrees that Assignor will, upon reasonable request (subject to payment by Assignee upon demand of Assignor for the reasonable attorneys' fees of counsel to Assignor) to promptly provide to Assignee any pertinent facts and documents relating to the rights assigned hereunder as are actually known and reasonably accessible to Assignor.

Assignor agrees to reasonably assist Assignee in the filing and prosecution before the United States Patent and Trademark Office and all foreign patent and trademark offices of any matters directly relating to the Patent Intellectual Property (including review and execution of papers, instruments and affidavits), including new original applications (both U.S. and foreign), renewals, continuations, divisions, reissues, reexaminations, and substitutions (at the sole and absolute cost and expense of Assignee, including, without limitation, attorneys' fees), that Assignee elects to make related to the Patent Intellectual Property.
