### INVENTION AND PATENT ASSIGNMENT

For value received, the undersigned hereby assigns to Michael Malicky, an individual and resident of the State of Ohio, its successors and assigns, all right, title, and interest in the invention or improvements in the invention referred to as the Bedding Distributor Apparatus and Method described in the application for Letters Patent of the United States Serial Number 12/546,074, together with all applications for patents for the same in other countries, and all divisions, reissues, continuations, and extensions, and all rights of priority resulting from the filing of the corresponding United States application.

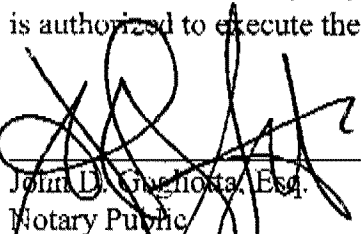

I request and empower any duly authorized official to issue any patent on the invention or improvements, or resulting from the improvements, to assignee or its successors or assigns, the cost of which will be solely borne by assignee.

I agree that, on request and at assignee's expense, I will communicate to assignee or its representatives or nominees, any facts known to me respecting the invention or improvements, and will testify in any legal proceeding, execute divisional, continuing, and reissue applications and other documents, and otherwise do everything possible to aid assignee, or its successors, assigns, and nominees, to obtain and enforce patent protection for the invention or improvements in all countries.
