ASSIGNMENT

WHEREAS, Payton Schirm, whose address is 813 1st Avenue, Vinton, Iowa 52349, has made certain new and useful inventions in

**"PLATFORM AND LADDER INTERFACE FOR VARIABLE SLOPE
VIBRATING SCREENS"**

as disclosed or intended to be disclosed and set forth in a nonprovisional application for a United States Patent, filed on August 8, 2012, as application No.

13/570,001;

WHEREAS, said nonprovisional application claims priority from the United States from provisional application, Application No. 61/522,016 filed on August 10, 2011;

WHEREAS, Terex USA, LLC, a corporation organized and existing under the laws of the State of Delaware, (hereinafter called the "Assignee") is desirous of acquiring the entire interest in all inventions disclosed or intended to be disclosed in said Application.

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable considerations paid to me by said Assignee, the receipt and sufficiency whereof is hereby acknowledged, I do hereby sell, assign, and

transfer unto said Assignee, its successors and assigns, the entire right, title and interest throughout the world in and to all said inventions disclosed or intended to be disclosed in said Applications; and in and to said Applications, including all priority rights for other countries or international or regional intergovernmental organizations arising from said Applications, and in and to all substitutions, divisions, and continuations thereof; and in and to all Letters Patent, United States and foreign, that may be granted for said inventions; and in and to all extensions, reexaminations, and reissues thereof.

And I do hereby authorize and request the Commissioner of Patents and Trademarks of the United States and the duly constituted authorities of foreign countries to issue any Letters Patent which may be granted on said inventions, on any applications related thereto, and on any substitute, continuing, divisional, or reissue applications, or any of them, to said Assignee, its successors and assigns, as assignee of the entire right, title and interest therein and thereto.

And for the consideration aforesaid, I do hereby, for me and for my legal representatives, further covenant and agree with said Assignee, its successors and assigns, that I have full and unencumbered title to the inventions and said Applications above described and hereby assigned; that I have granted to others no license to make, use, or sell said inventions; and that I will not execute any instrument in conflict with this assignment.

And for the consideration aforesaid, I do hereby, for me and for my legal representatives, further covenant and agree with said Assignee, its successors and assigns, that upon request, I will execute substitute, continuing, divisional, or reissue applications, amended specifications, or rightful oaths; communicate to said Assignee, its successors or assigns, any facts known to me relating to said inventions or the history thereof; execute preliminary statements; testify in any interference or other legal proceedings involving said inventions; execute and deliver any application papers, assignments, or other instruments, and do all other acts which, in the opinion of counsel for said Assignee, may be necessary or convenient to secure the grant of Letters Patent to said Assignee, its successors and assigns, or its nominees, in the United States and in all other countries where said Assignee may desire to have the said inventions, or any of them, patented, with specifications and claims in such form as shall be approved by counsel for said Assignee, and to vest and confirm and complete legal and equitable title to all such inventions, applications, and Letters Patent, and to enable it to record said title, without further consideration than now paid but at the expense of said Assignee, its successors or assigns.

Dated this 8 day of August, 2012.
