ASSIGNMENT

This Assignment made by WILLIAM H. MURPHY of San Diego, California; and RICHARD H. SALZAR of San Diego, California; Assignors, to RENAUDIA MEDICAL, LLC, a limited liability company in the State of California, Assignee, having a place of business at 6266 Twin Lake Drive, San Diego, CA 92009.

WHEREAS, Assignors have invented a new and useful DISTRIBUTED MEDICATION DELIVERY SYSTEM AND METHOD HAVING AUTONOMOUS DELIVERY DEVICES for which a provisional application for United States Letters Patent was filed by them on June 20, 2011 and has Application No. 61/499,091, and Assignors believe themselves to be the original, first, and joint inventors of the invention disclosed and claimed in said provisional application; and

WHEREAS, Assignors have invented a new and useful DISTRIBUTED MEDICATION DELIVERY SYSTEM AND METHOD HAVING AUTONOMOUS DELIVERY DEVICES for which a non-provisional application for United States Letters Patent is being filed claiming the benefit of the provisional application, and Assignors believe themselves to be the original, first, and joint inventors of the invention disclosed and claimed in said non-provisional application for Letters Patent; and

WHEREAS, Assignors have invented a new and useful DISTRIBUTED MEDICATION DELIVERY SYSTEM AND METHOD HAVING AUTONOMOUS DELIVERY DEVICES for which an international patent application under the PCT is being filed by them claiming the benefit of and priority to the provisional application and Assignors believe themselves to be the original, first, and joint inventors of the invention disclosed and claimed in said international application for Letters Patent; and

WHEREAS, Assignors and Assignee believe that the prior assignment dated June 20, 2011 made by Assignors in conjunction with the provisional application also covers the non-provisional application and international application but desire to confirm this through the present Assignment document and provide a formal, recordable assignment and confirmation of assignment of the entire right, title, and interest in and to the invention of said provisional application, the invention of said non-provisional application, the invention of said international application (hereinafter referred to collectively as the "invention"), as well as their respective patent applications, and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for the sum of ten dollars (\$10.00), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, the entire right, title, and interest in and to said invention, said provisional application, said non-provisional application, and said international application, and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said provisional application, said non-

provisional application, said international application and any Letters Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said provisional application, said non-provisional application, said international application, or any subsequently filed division, continuation, continuation-in-part, or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date written herein below.
