ASSIGNMENT

WHEREAS, **Pappachan Kolattukudy, Tatiana Sirakova, Jaiyanth Daniel and Chirajyoti Deb** are employed by The University of Central Florida ("UCF"), hereinafter collectively referred to as **Assignors**, and have made certain improvements or inventions in **In Vitro Model of Latent Mycobacterial Infection**, for which Assignors have executed an application for United States Letters Patent filed on August 30, 2010, in the United States Patent and Trademark Office and given Serial No. 12/870,945; and

WHEREAS, **UCF** is designated under Florida law to be the owner of inventions created by its faculty and students in the course of their employment with the University; and

WHEREAS, **UCF** through its unit named **The University of Central Florida Research Foundation, Inc.**, Orlando, Florida, a corporation organized under the laws of the State of Florida, hereinafter referred to as **Assignee**, is desirous of recording its legal ownership of said application;

NOW THEREFORE, in consideration of a pre-existing employment obligation, including salary and benefits, and in recognition of the University's duly adopted patent policy which includes the sharing of royalties with faculty inventors, and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, said **Assignors** do hereby assign and transfer to said **Assignee**, its successors and assigns, all rights, title and interest in and to said United States Patent application, the invention or inventions therein shown and described and any improvements on said inventions heretofore or hereafter made, any divisions or continuations of said application, and all patents, United States and foreign, to be granted upon any such application or for the invention or inventions thereof, and any reissues, continuations or extensions of said patents; and said **Assignors** do hereby authorize and request the Commissioner of Patents to issue all patents on said United States Patent applications or for the invention or inventions hereof, in accordance with this assignment.

And said **Assignors** for said consideration hereby covenant and agree that said **Assignors** are the rightful inventors of the invention herein conveyed and have the right to convey the same, and agree that **Assignors** will communicate to said **Assignee** any facts known to **Assignors** respecting said invention or inventions, and testify in any legal proceedings when called upon by **Assignee**, sign all lawful papers deemed by **Assignee** as expedient to vest in it the legal title herein sought to be conveyed or for the filing and prosecution of all applications and patents, United States and foreign, and otherwise aid **Assignee**, its successors and assigns, in obtaining full patent protection for said invention and in enforcing proper protection under said patent(s), but in every instance at **Assignee's** expense.
