PATENT ASSIGNMENT

WHEREAS, Broncus Technologies, Inc. ("Assignor"), a California corporation, located at 1400 N Shoreline Blvd, Suite A8, Mountain View, CA 94043, is the owner of the patent applications identified on the attached Schedule ("Patents"), and

WHEREAS, Broncus Medical Inc. ("Assignee"), a California corporation, located at 1400 N Shoreline Blvd, Suite A8, Mountain View, CA 94043, is desirous of acquiring all right, title, and interest in and to said Patents, including the goodwill attached thereto and the registrations therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns unto Assignee throughout the universe in perpetuity, all of Assignor's right, title and interest in and to said Patents, together with the goodwill connected with the use of and symbolized by said Patents as well as causes of action, currently owned or hereinafter acquired, for any and all previously occurring infringements of the rights being assigned and the right to receive and retain the proceeds relating to those infringements. Assignee shall have the unfettered right to further license, assign or transfer any or all of the rights granted hereunder. Each of Assignor and Assignee shall execute and deliver, or cause to be executed and delivered, from time to time hereafter, upon request, all such further documents and instruments and shall do and perform all such acts as may be reasonably necessary or reasonably desirable to give full effect to the intent of this Patent Assignment. This Patent Assignment shall be governed by and construed in accordance with the internal laws of the State of California.

IN WITNESS WHEREOF, Assignor has executed this instrument on the 8TH day of JUNE, 2012.

BRONCUS TECHNOLOGIES, INC.
