(collectively, the "Inventors") have invented certain new and useful improvements to Goggles That Eliminate a Users's Peripheral Vision and Enhance Situational Awareness While Strengthening Muscle Memory, for which I have executed a non-provisional application for Letters Patent in the United States, on September 14, 2012;

Whereas, Swivel Vision, LLC, a California limited liability company, dba Swivel Vision LLC, with its principal place of business at 1940 N. Tustin Street, #108, Orange California 92865 referred to as Assignee, is desirous of acquiring the entire right, title and interest in the same;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to me in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, we, said Inventor and Co-Inventors, do hereby acknowledge that I have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title, and interest throughout the world in, to and under said improvements, said application and all applications relating thereto, and all divisions, renewals and continuations thereof, and all Letters Patent of the United States that may be granted thereon and all reissues and extensions thereof, and all rights of priority under International Conventions and applications for Letters Patent that may hereafter be filed for said improvements in any country or countries foreign to the United States, and all Letters Patent which may be granted for said improvements in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and we hereby authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said improvements to said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND I/WE DO HEREBY sell, assign, transfer, and convey to ASSIGNEE, its successors, legal representatives, and assigns all claims for damages and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of assignment to ASSIGNEE, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of said Letters Patent before or after issuance.

KONKLER-JAMES-LZ-NP.001

AND WE HEREBY covenant and agree that we will communicate to said ASSIGNEE, its successors, legal representatives and assigns, any facts known to us respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said improvements in all countries.

I hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Patent to said Assignee, of the entire right, title and interest in and to the same, for its sole use and behalf; and for the use of its legal representatives, to the full end of the term for said Patent, as the same would have been held by me as the Partial Assignee had this assignment not been made.
