PATENT

ASSIGNMENT

WHEREAS, we, Jürgen JOHANN, a citizen of Germany, residing at Hauptstrasse 150, DE-69226 Nussloch, Germany, and Thomas MENZEL, a citizen of Germany, residing at Allmendgasse 28, CH-4148 Pfeffingen, Switzerland, and Monique BISSEN, a citizen of Luxembourg, residing at Schafbergstrasse 24, AT-5310 Mondsee, Austria, and Thomas SCHRAMM, a citizen of Germany, residing at Hachbergstrasse 43, DE-79541 Lörrach, Germany, and Christian BRAND, a citizen of France, residing at 4 Imp. St. Hubert, FR-68790 Morschwiller le bas, France, have invented certain new and useful improvements for a **«Device for continuous electrochemical desalination with integrated membrane unit»** for which we have this same day executed an application for Letters Patent in the United States identifying us as the only inventors thereof (said application being identified as Thompson Coburn LLP, Docket «Matter Matter ID»); and

WHEREAS, WP Engineering Limited, a corporation of the State of Malta, having its principal office and place of business at 136 St. Christopher Street, Valletta VLT05, Malta, is desirous of acquiring the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to the patent to be obtained thereon.

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) to us in hand paid, and other good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, we, as assignors, have sold, assigned and transferred and do hereby sell, assign and transfer unto said assignee, its successors or assigns, the entire right, title and interest in and to said invention and improvements as the same are disclosed in said application which was executed by us concurrently herewith preparatory to filing for Letters Patent, in and to said application, and in and to any and all Letters Patent and application filed therefor, including provisionals, non-provisionals, divisionals, continuations, reissues, reexaminations and extensions to be obtained therefor in the United States and all foreign countries; and we further agree to cooperate with the assignee hereunder in the obtaining and sustaining of any and all such Letters Patent as the assignee may desire to apply for, but at the expense of said assignee.

The Commissioner of Patents or other proper official is hereby authorized and requested to issue said Letters Patent to said in accordance with this Assignment.

For said considerations, the undersigned hereby agree, upon the request and at the expense of said Assignee, to execute any provisional, non-provisional, divisional, continuation, continuation-in-part or substitute application for said invention or improvements, and any oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application(s), and, in the event of any application or Letters Patent assigned herein becoming involved in an interference, to cooperate to the best of the ability of the undersigned in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof. The undersigned agree to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States and vest in said Assignee all rights therein, whereby said Letters Patent will be held and enjoyed by said Assignee, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
