ASSIGNMENT

In consideration of the sum of One dollar (\$1.00) and other good and valuable consideration paid to each of the undersigned,

Name(s) of Inventor(s) Thomas H. Ward and Michael J. De Jung

maker(s) of one or more inventions ("Invention(s)"), being the subject of an application ("Application") titled:

Title of Application Dump Body

having Application No. 29/385,627 filed 17 February 2011,

each undersigned hereby sells, assigns, and sets over to

Name of Assignee Designworks/USA, Inc.

Address of Principal Place of Business 2201 Corporate Center Drive
Newbury Park, California 91320

Insert State of Incorporation (if applicable) or "Not Applicable" a corporation of California

(hereinafter designated as the Assignee) his or her entire right, title and interest in and to the Invention(s) in the Application; in and to the Application and any other United States or foreign (including international) applications for the Invention(s), including any divisional, continuation, continuation-in-part, or reissue applications thereof; any United States or foreign patents corresponding to such patent applications and any reexaminations of such patents; in and to the right to claim priority based on the filing dates of such patent applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purpose; and in and to all claims for profits or damages due or accrued by reason of past, present, or future infringements of such patents and patent applications, with the right to sue for, and collect the same for Assignee's own use and benefit, and for the use and benefit of Assignee's successors and assigns (collectively, "the Assigned Rights"). The Assigned Rights are to be held and enjoyed by Assignee, its successors or assigns as fully and entirely as the same would have been held and enjoyed by said undersigned had this Assignment not been made.

Each undersigned agrees to execute all papers which Assignee, its successors and assigns may deem expedient in connection with the Application or any continuation, continuation-in-part, divisional, reissue, or foreign applications, or reexaminations, for the Invention(s), including executing separate assignments in connection with such applications, and to cooperate with Assignee, its successors or assigns in every proper way possible to obtain patent(s) based on the Application and any continuation, continuation-in-part, divisional, reissue, or foreign applications, or reexaminations, for the Invention(s).

Each undersigned agrees to execute all papers necessary in connection with any interference which may be declared or litigation concerning any application, letters patent, or reexamination for the Invention(s), and to cooperate with Assignee, its successors or assigns in every way possible in obtaining evidence and going forward with such interference or litigation.

Each undersigned agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purpose.

The undersigned agree(s) to do all other acts which, in the opinion of Assignee, its successors or assigns may be necessary or desirable to secure the grant of letters patent to Assignee, its successors or assigns, in the United States and in all other countries where Assignee, its successors or assigns may desire to have such invention(s) patented, with specifications and claims in such form as shall be approved by Assignee, its successors or assigns and to vest and confirm in Assignee, its successors or assigns the full and complete legal and equitable title to all such letters patent.
