OP \$40.00 13572540

ASSIGNMENT

We, Desmond Wheatley, a citizen of United Kingdom, residing at 3809 Via Reposo, Rancho Santa Fe, California 92091 and Patrick Senatore, a citizen of United States of America, residing at 699 14th Street, #548, San Diego, California 92101, have invented a method and apparatus entitled SELF-CONTAINED RENEWABLE BATTERY, hereinafter called the "invention."

Preferred embodiments of said invention are disclosed in a United States patent application executed concurrently herewith by us and now identified as File No. 11472.6 of the law firm of Nydegger & Associates, 348 Olive Street, San Diego, California 92103, and filed in the United States Patent and Trademark Office as Serial No. 13/572,540 on August 10, 2012.

The Assignees, ENVISION SOLAR INTERNATIONAL, INC., a Corporation of the State of California, having a principal place of business at 7675 Dagget Street, Suite 150, San Diego, California 92111, desire to secure the entire, undivided, equal right, title and interest in said invention.

For good and valuable consideration paid to us by the Assignees, the receipt and sufficiency of which we hereby acknowledge, we HEREBY ASSIGN TO THE ASSIGNEES:

The undivided, equal interest in the entire right, title and interest in said invention in the above-identified United States patent application and in all divisions and continuations of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications which may be filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said invention in their own names, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

We hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the

Assignees as the joint owners of the undivided, equal, and entire interest, for the sole use and behoof of the said Assignees, their successors, assigns and legal representatives.

We hereby agree, without further consideration and without expense to us, to sign all lawful papers and to perform all other lawful acts which the Assignees may request of us to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of our ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon our heirs and legal representatives.

Desmond Wheatley
