Notwithstanding any provision of this Agreement to the contrary, so long as no Event of Default shall have occurred and be continuing, Debtor shall not be required to disclose, permit the inspection, examination, photocopying or making extracts of, or discuss, any document, information or other matter that (i) constitutes non-financial trade secrets or non-financial proprietary information, or (ii) the disclosure of which to Lender, or their designated representative, is then prohibited by law or any agreement binding on Debtor that was not entered into by Debtor for the purpose of concealing information from the Lender. Debtor shall, however, furnish to Lender such information concerning Debtor's Collateral as is reasonably necessary to permit Lender to perfect a security interest in such intellectual property; *provided, however,* nothing herein shall entitle Lender access to Debtor's trade secrets and other proprietary information.

8.2 Debtor hereby irrevocably (until the Obligations are paid in full) appoints Lender as Debtor's attorney-in-fact, with full authority in the place and stead of Debtor and in the name of Debtor, Lender or otherwise, from time to time in Lender's discretion, upon Debtor's failure or inability to do so, to take any action and to execute any instrument which Lender may deem necessary or advisable to accomplish the purposes of this IP Security Agreement, including:

(a) To modify, in its sole discretion, this IP Security Agreement without first obtaining Debtor's approval of or signature to such modification by amending Exhibit A, Exhibit B, Exhibit C, and Exhibit D hereof, as appropriate, to include reference to any right, title or interest in any Copyrights, Patents, Trademarks or Mask Works acquired by Debtor after the execution hereof or to delete any reference to any right, title or interest in any Copyrights, Patents, Trademarks, or Mask Works in which Debtor no longer has or claims any right, title or interest; and

(b) To file, in its sole discretion, one or more financing or continuation statements and amendments thereto, relative to any of the Intellectual Property Collateral without the signature of Debtor where permitted by law.

If an Event of Default shall have occurred and be continuing and not been cured or waived in accordance with the terms hereof or the Credit Agreement, Lender shall have the following rights and powers and may, at Lender's option, without notice of its election and without demand, to the extent permitted by Section 8.03 of the Credit Agreement, do any one or more of the following (in addition to the rights and remedies permitted under the Credit Agreement), all of which are authorized by Debtor:

10.1 UCC Rights. Lender shall have all of the rights and remedies of a secured party under the UCC and under all other applicable laws.

10.2 Intentionally Omitted.

10.5 Assembly of Collateral. Lender may require Debtor to assemble the Collateral and make it available to Lender at a place designated by Lender.

10.6 Possession of Collateral. If an Event of Default exists, Lender, without a breach of the peace, may enter any of the premises of Debtor and search for, take possession of, remove, keep or store any or all of the Collateral. If Lender seeks to take possession of any or all of the Collateral by court process, Debtor irrevocably and unconditionally agrees that a receiver may be appointed by a court for such purpose without regard to the adequacy of the security for the Obligations. Lender shall have the right to remain on Debtor's premises or cause a custodian to remain thereon in exclusive control of such premises without charge for as long as Lender deems necessary in order to complete the enforcement of its rights under this IP Security Agreement. If Lender seeks possession of any or all of the Collateral by court process, Debtor irrevocably

waives (a) any bond and any surety or security relating thereto required by any statute, court rule or otherwise as an incident or condition to such possession; (b) any demand for possession prior to the commencement of any suit or action to recover possession; and (c) any requirement that Lender retain possession of and not dispose of such Collateral until after trial or final judgment.

10.7 License. Lender shall have a nonexclusive, royalty free license to use the Intellectual Property Collateral to the extent reasonably necessary to permit Lender to exercise its rights and remedies upon the occurrence of an Event of Default. All of Lender's rights and remedies with respect to the Intellectual Property Collateral shall be cumulative.

11. INDEMNITY.

Debtor agrees to defend, indemnify and hold harmless Lender and its officers, employees, and agents against: (a) all obligations, demands, claims, and liabilities claimed or asserted by any other party related to or in connection with the transactions contemplated by this IP Security Agreement or the Collateral, and (b) all losses or expenses in any way suffered, incurred, or paid by Lender as a result of or in any way arising out of, following or consequential to the transactions between Lender and Debtor under this IP Security Agreement or the Collateral (including without limitation, reasonable attorneys fees and reasonable expenses), except for losses arising from or out of Lender's gross negligence or willful misconduct.

12. GENERAL.

12.1 Taxes and Other Expenses Regarding the Collateral. If Debtor fails to pay promptly when due to any person or entity, monies which Debtor is required to pay by this IP Security Agreement, Lender may, but need not, pay the same and charge Debtor's account therefor, and Debtor shall promptly reimburse Lender therefor. Any payments made by Lender shall not constitute; (a) an agreement by Lender to make similar payments in the future, or (b) a waiver by Lender of any default under this IP Security Agreement. Lender need not inquire as to, or contest the validity of, any such expense, tax, security interest, encumbrance or lien and the receipt of the usual official notice for the payment thereof shall be conclusive evidence that the same was validly due and owing.

12.2 Notices. All notices, demands, or requests from one party to another shall, unless otherwise specified herein, be made in the manner set forth in the Credit Agreement.

12.3 Intentionally Omitted.

12.4 Release of Collateral. Lender shall promptly file UCC termination statements and any other documents or instruments as necessary upon any Disposition by Debtor of any items or item of Collateral, to the extent such Disposition is permitted under the Credit Agreement.

12.5 Termination. At such time as the Obligations are paid in full, this Agreement shall terminate and Lender shall execute and deliver to Debtor all instruments as may be necessary or proper to reinvest in Debtor full title to the property assigned hereunder, subject to any disposition thereof which may have been made by Lender pursuant hereto.

12.6 Course of Dealing. No course of dealing, nor any failure to exercise, nor any delay in exercising any right, power or privilege hereunder shall operate as a waiver thereof.

12.7 Intentionally Omitted.

12.8 Amendments. This IP Security Agreement may be amended only by a written instrument signed by both parties hereto.

12.9 Agreement Binding, Assignment. This IP Security Agreement shall be binding and deemed effective when executed by Debtor and Lender. This IP Security Agreement shall bind and inure to the benefit of the respective successors and assigns of each of the parties; provided, however, that Debtor may not assign this Security Agreement or any rights hereunder without Lender's prior written consent and any prohibited assignment shall be absolutely void. No consent to an assignment by Lender shall release Debtor from its obligations to Lender. Lender reserves the right to sell, assign, transfer, negotiate or grant participations in all or any part of, or any interest in, Lender's rights and benefits hereunder to the extent and in the manner provided for in Section 9.04 of the Credit Agreement. In connection therewith, Lender may disclose all documents and information that Lender now has or hereafter may have relating to Debtor or Debtor's business, subject to Debtor's reasonable confidentiality requirements.

12.10 Article and Section Headings. Article and section headings and article and section numbers have been set forth herein for convenience only. Unless the contrary is compelled by the context, everything contained in each article and section applies equally to this entire IP Security Agreement.

12.11 Construction. Neither this IP Security Agreement nor any uncertainty or ambiguity herein shall be construed or resolved against Lender or Debtor, whether under any rule of construction or otherwise. On the contrary, this IP Security Agreement has been reviewed by all parties and shall be construed and interpreted according to the ordinary meaning of the words used so as to fairly accomplish the purposes and intentions of all parties hereto.

12.12 Performance of Covenants. Debtor shall perform all of its covenants under this IP Security Agreement at its sole cost and expense.

12.13 Term. This IP Security Agreement shall continue in full force and effect as long as any of the Obligations are outstanding.

12.14 Conflict or Credit Agreement Modifications. To the extent that there is an explicit conflict between the terms of the Credit Agreement and this IP Security Agreement, the terms of the Credit Agreement shall control. Any future changes or modifications to the Credit Agreement, shall apply to and modify this IP Security Agreement, to the extent that such change or modification would reasonably be construed to apply to this IP Security Agreement.

12.15 Severability. Each provision of this IP Security Agreement shall be severable from every other provision of this IP Security Agreement for the purpose of determining the legal enforceability of any specific provision.

12.16 Successors. This IP Security Agreement shall be binding upon and inure to the benefit of Debtor and the Lender and their respective permitted successors and assigns.

12.17 Counterparts. This IP Security Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument.

13. CHOICE OF LAW AND VENUE.

The validity of this IP Security Agreement, its construction, interpretation and enforcement, and the rights of the parties hereunder and concerning the Collateral, shall be determined under, governed by and construed in accordance with the laws of the State of California. The parties agree that all actions or proceedings arising in connection with this Security Agreement shall be tried and litigated only in the state courts or federal courts located in the city and county of San Francisco, California.
