PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (“Assignment”) is made and entered into as of this 29th day of June, 2012, (“Effective Date”), by and between **WAVELINK SOFTWARE LLC**, a Delaware limited liability company (“Assignor”), and **CRIMSON CORPORATION**, a Delaware corporation, (“Assignee”).

WHEREAS, Assignor is the owner of the patents identified and set forth on Schedule A (the “Patents”); and

WHEREAS, Assignee wishes to acquire and Assignor wishes to assign to Assignee its rights in and to the Patents.

NOW, THEREFORE, for one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, all of its right, title and interest in and to the Patents, for the United States and for all foreign countries, including, without limitation, any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions or foreign equivalents thereof, and including the subject matter of all claims which may be obtained therefrom for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made; together with all income, royalties, damages or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patents, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Assignor shall, at Assignee's request, take all further actions, and provide Assignee, Assignee's successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of all affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documentation) requested by Assignee to more fully and effectively effectuate the purposes of this Assignment.

Assignor hereby requests the Commissioners of Patents at the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Patents.
