(collectively, the "Assignors"), whose full post office addresses are set out above, are the inventors of certain inventions or improvements (the "Inventions") described and/or claimed in the Patent Cooperation Treaty application No. PCT/CA2011/050104 entitled: **METHODS AND SYSTEMS FOR VALUATING FINANCIAL CONTRACTS AND ASSESSING ASSOCIATED RISK** filed on 18 February 2011 (the "Application") which claims priority from US application: No. 61/305939 filed 18 February 2010;

WHEREAS, FinancialCAD Corporation, (the "Assignee") whose full post office address is Central City Suite 1750, 13450 102nd Avenue, Surrey, British Columbia, V3T 5X3, Canada, wishes to own the entire worldwide right, title and interest in and to: the Inventions, the Application, and all patents which may be granted on or as a result thereof in all countries;

AND WHEREAS the Assignors had previously agreed to assign to the Assignee all right, title and interest in and to: the Inventions, the Application, and all patents which may be granted on or as a result thereof in all countries;

In consideration of ONE (\$1.00) DOLLAR and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignors, do hereby, both jointly and severally, confirm that they have agreed to assign and, for greater certainty, do hereby, both jointly and severally, sell, assign, transfer and set over to the Assignee the entire worldwide right, title and interest in and to:

the same to be held and enjoyed by the Assignee, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which such patents respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by the Assignors, had this assignment, sale and transfer not been made.

The Assignors hereby covenant that they: have full right to convey the entire interest herein assigned; and have not executed and will not execute any agreement to transfer any rights in the Inventions and/or the Application to anyone other than the Assignee or that is otherwise in conflict herewith.

The Assignors promise that, during their employment with the Assignee, they shall use reasonable efforts to:

- make all rightful oaths; and
- generally to do everything possible to aid the Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce for its or their own benefit, proper patent protection for the Inventions in all countries;

all at the expense, however, of the Assignee or its successors, assigns, nominees or legal representatives.

The Assignors promise that, after their employment with the Assignee, they shall use reasonable efforts to: execute any reasonable document as may be necessary to perfect the title to the Inventions, the Application and the patents in the Assignee, its successors, assigns, nominees or legal representatives; and execute any reasonable document necessary to file and/or prosecute through to issuance the Application and any divisional, continuing, reissue, national phase entry and/or foreign applications corresponding to the Application.
