PATENT ASSIGNMENT

WHEREAS EnOcean GmbH, a German Gesellschaft mit beschränkter Haftung, (“Assignor”), is an owner of U.S. Design Patent No. D594,422, entitled “Console”, issued June 16, 2009 by the United States Patent and Trademark Office for the United States of America. (“Patent”).

WHEREAS, Zeno Controls LLC, a New York limited liability company (“Assignee”), is desirous of acquiring Assignor’s rights in the Patent.

WHEREAS, Assignor is desirous of transferring to Assignee its right, title and interest in and to said Patent.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor by these presents does sell, assign, transfer and convey unto Assignee, its successors, assigns and legal representatives, its entire, right, title and interest:

(a) in and to the design as described in the Patent;

(b) in and to the Patent, and any extensions, reissues and reexamination certificates of said Patent and any and all related United States and foreign design patent applications disclosing said design, including provisionals, nonprovisionals, divisions, continuations, continuations-in-part, and continued prosecution applications and any other related United States and foreign design patent applications thereof, along with all rights of priority created by said design patent applications under the Paris Convention, and any other treaty relating thereto;

(c) in and to all United States and foreign design patents which may be granted on any and all of said design patent applications, and any extensions, reissues and reexamination certificates of said design patents; and

(d) in and to all rights to sue for and damages resulting from past, present and future infringement of the Patent, including extensions, reissues, and reexamination certificates thereof;

to be held and enjoyed by the above-named Assignee, for Assignee's own use and benefit, and for Assignee's legal representatives and assigns to the full end of the term or terms for which said Patent has been granted, and any extensions, reissues and reexamination certificates of said Patent, or for which said applications may be granted, as fully and entirely as the same would have been held by the undersigned Assignor had this assignment and sale not been made.
