# GLOBAL GENERAL ASSIGNMENT

WHEREAS I, the undersigned inventor herewith declare that I am an inventor and I have cooperated to make a certain invention as set forth in a utility patent application entitled **Methods and Apparatuses for Conveying Absorbent Articles in a Converting Line**, Attorney's Docket No. **12588** and filed in the United States Patent Office as Number 13/616,478, on September 14, 2012. I grant the hereinafter named assignee and/or any person authorized thereby, the power to insert the Serial Number and filing date of said application in this document when ascertained.

David Carlton ORDWAY of 3739 Pamajera Drive, Oxford, Ohio 45056, USA.

I made said invention set forth in said utility patent application on behalf of The Procter & Gamble Company and while employed by, or otherwise under an obligation to assign said invention to Interscope Manufacturing, Inc. and acknowledge my obligation at the time the invention was made to assign said invention to Interscope Manufacturing, Inc.. Pursuant to said obligation and at the request of Interscope Manufacturing, Inc., I assign to Interscope Manufacturing, Inc., its legal representatives, successors, and assigns, the entire right, title and interest, including the right to claim the benefit of the filing date of said utility patent application under international conventions, in said invention as set forth in said utility patent application, and in all patents of the United States and of any other country which may be issued for said invention, as fully and completely as the same would have been held by me had this assignment not been made. The entire right, title and interest in said invention and in said application and patents shall vest irrevocably in Interscope Manufacturing, Inc., its legal representatives, successors, or assigns. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to Interscope Manufacturing, Inc., its legal representatives, successors, and assigns as Interscope Manufacturing, Inc., its legal representatives, successors, or assigns may direct.

The ASSIGNMENT of said invention is effective as of the earlier of 1) the date of execution shown below or 2) the filing date of said utility patent application.
