certain new and useful improvements in

hereby assign to SARA LEE CORPORATION, a US
 corporation having its principal office at 1000 East Hanes Mill Road,
Winston-Salem, NC 27501, USA (hereinafter referred to as
"Assignee"), the entire right, title and interest in and to such invention, together with the
patent rights and rights of protection to the same throughout the world, including any
patent rights which may result from the application for United States Letters Patent
which was filed in the United States Patent and Trademark Office on even date, and
any continuation, divisions, continuation-in-part applications, inventor's certificates and
extensions thereof, preparatory to obtaining Letters Patent of the United States therefor;
said invention, application and Letters Patent to be held and enjoyed by said Assignee
for its own use and behoof and for the use and behoof of its successors and assigns, to
the full end of the term for which said Letters Patent or other rights of protection may be
granted as entirely as the same would have been held and enjoyed by us had the
assignment not been made.

AND WE COVENANT and AGREE and WARRANT that we have full and
unencumbered title to the invention hereby assigned, and we further covenant and
agree that we have the right to grant such rights to said invention and application and
Letters Patent and that we will, at any time upon request without cost to us or further

compensation, execute and deliver any and all papers or instruments that, in the opinion of the Assignee, may be necessary or desirable to secure said Assignee the full enjoyment of the rights and properties herein conveyed or intended to be conveyed by this instrument.

IN WITNESS WHEREFORE, we have hereunto set our hands and seal:
