PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (this "Assignment") is made as of July 31, 2012, by and between Asterand UK Limited (formerly called Pharmagene Laboratories Limited and whose name was changed on 3 January 2006), a private company limited by shares, incorporated under the laws of England & Wales with company number 03113041 whose registered office is at 2 Orchard Road, Royston, Hertfordshire SG8 5HD United Kingdom (and whose registered office was at 2A Orchard Road, Royston, Hertfordshire, United Kingdom which change of address took place on 24 December 2001) (the "Assignor"), and Asterand UK Acquisition Limited, a private company limited by shares, incorporated under the laws of England & Wales with company number 08092729 whose registered office is at 6-8 Underwood Street, London, N1 7JQ, United Kingdom, ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement dated June 10, 2012 (the "Purchase Agreement"); and

WHEREAS, pursuant to the Purchase Agreement, Assignor wishes to assign to Assignee, and Assignee wishes to acquire from Assignor, the entire right, title and interest in, to and under (i) the patent(s), patent application(s) and invention disclosure(s) listed in Schedule A attached hereto; (ii) any patent application(s) filed as a continuation, division, or continuation-in-part of the patent application(s) described in clause (i), patents issuing therefrom and reissues, reexaminations and extensions of such patents; (iii) any patent application(s) filed in respect of the inventions that are the subject of the invention disclosures listed in Schedule A attached hereto; and (iv) any foreign counterpart to the patent(s) and patent application(s) described in clauses (i)-(iii) (including divisions, continuations, confirmations, additions, renewals or continuations-in-part of such patent applications), patents issuing therefrom and extensions thereof (collectively, the "Patents").

NOW, THEREFORE, in consideration of the sum of £1.00 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor hereby sells, assigns, transfers and sets over to Assignee and the Assignee accepts the entire right, title and interest in and to the Patents, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment had not been made, together with all income, royalties or payments due or payable on or after the date hereof, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patents, with the right to sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

The Assignor consents to the recordation of this Assignment with the United States Patents and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries.

The Assignor shall, at Assignee's expense (with reasonable compensation from Assignee to such Assignor), take reasonable further actions, and provide to Assignee, Assignee's successors, assigns or other legal representatives, all reasonable cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation), requested by Assignee to more fully and effectively effectuate the purposes of this Assignment, including, without limitation, with respect to the following: (1) the preparation and prosecution of any application for registration, or any application for renewal of a registration, relating to any of the rights assigned herein; (2) the prosecution or defense of any interference, opposition, infringement or other proceedings that may arise in connection with any of the rights assigned herein, including, without limitation, testifying as to any facts relating to the Patents and this Assignment; (3) obtaining any additional patent protection relating to rights assigned herein that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or in any foreign country; and (4) in the implementation, recordation or perfection of this Assignment in all applicable jurisdictions throughout the world.
