☒ for which Application No. PCT/US11/3479 was filed on April 6, 2011 in the U.S. Receiving Office of the Patent Cooperation Treaty;
☐ for which Application No. was filed on in the Patent Office; and/or
☐ for which an application was filed upon which a United States Patent issued on , as U.S. Patent No.

(hereinafter “Application(s))."

WHEREAS, Caris Life Sciences Luxembourg Holdings, s.a.r.l., a Luxembourg corporation, having a place of business at 102 Rue de Marsichers,

1214 Luxembourg, Grand-Duché de Luxembourg, (hereinafter “Assignee”), is desirous of acquiring the entire right, title and interest in and to said

Application(s) and the inventions disclosed therein, and in and to all embodiments of the inventions, heretofore conceived, made or discovered, whether jointly or
severally, by said inventor(s) (hereinafter collectively referred to as “Inventions”), and in and to any and all patents, inventor’s certificates and other forms of

protection (hereinafter “Patent(s)”) thereon granted in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said inventor(s) to have been received in full from said

Assignee:

1. Said inventor(s) do hereby sell, assign, transfer and convey unto said Assignee the entire right, title and interest (a) in and to said Inventions, including the
right to claim priority to said Inventions; (b) in and to all rights to all United States and corresponding non-United States patent applications and

Patent(s), including those filed under the Paris Convention for the Protection of Industrial Property, the Patent Cooperation Treaty or otherwise; (c) in and to any
and all applications filed and any and all Patent(s) granted on said Inventions in the United States, in any foreign country, or under any international convention,
agreement, protocol, or treaty, including each and every application filed and any and all Patent(s) granted on any application which is a divisional, substitution,
continuation, or continuation-in-part of any of said Application(s), and (d) in and to each and every reissue, reexamination, or extensions of any of said Patent(s).

2. Said inventor(s) hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and
interest herein conveyed in the United States, foreign countries, or under any international convention, agreement, protocol, or treaty. Such cooperation by said
inventor(s) shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other
papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest
herein conveyed; (b) for prosecuting any applications covering said Inventions; (c) for filing and prosecuting substitute, divisional, continuing or additional
applications covering said Inventions; (d) for filing and prosecuting applications for reissuance of any said Patent(s); (e) for interference or other priority
proceedings involving said Inventions; and (f) for legal proceedings involving said Inventions and any applications therefor and any Patent(s) granted
thereon, including without limitation reissues and reexaminations, opposition proceedings, cancellation proceedings, priority contests, public use
proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Assignee in providing such cooperation shall be
paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said inventor(s), their respective heirs, legal representatives and assigns.

4. Said inventor(s) hereby warrant and represent that they have not entered and will not enter into any assignment, contract, or

understanding in conflict herewith.

5. Said inventor(s) hereby request that any Patent(s) issuing in the United States, foreign countries, or under any international convention,
agreement, protocol, or treaty, be issued in the name of the Assignee, or its successors and assigns, for the sole use of said Assignee, its successors, legal
representatives and assigns.

IN WITNESS WHEREOF, said inventor(s) have executed and delivered this instrument to said Assignee as of the dates written below:
