## ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, I

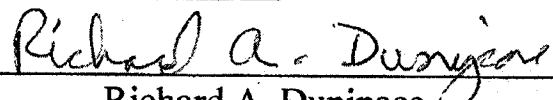

**Richard A. Dunipace**

hereby sell, assign and transfer to **Fairchild Semiconductor Corporation**, a Delaware corporation, having a place of business at **3030 Orchard Parkway, San Jose, California 95134**, its successors and assigns, the entire right, title and interest throughout the world in our invention in

### **HIGH VOLTAGE STARTUP CIRCUIT**

for which we have executed a United States patent application on or about the date of this assignment, and all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications; we authorize the above-named assignee to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization from me; we agree to execute all papers useful in connection with said United States and foreign applications, and generally to do everything possible to aid said assignee, their successors, assigns and nominees, at their request and expense, in obtaining and enforcing patents for said invention in all countries; and we request that the United States Patent and Trademark Office issue all patents granted for said invention to the above-named assignee, its successors and assigns.

Executed this 10 day of AUGUST, 2011.

  
Richard A. Dunipace
