PATENT

ASSIGNMENT

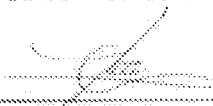

WHEREAS we, Ramsés Galaz Mendez and Daniel Francisco Gómez Romo, citizens of Mexico, have co-invented a surgical suture system, tissue restraints, and tissue anchors and are applying for letters patent herewith

NOW, THEREFORE, for good and valuable consideration, receipt of which is acknowledged, we have agreed to assign and transfer and do hereby assign and transfer unto William F. Bennett, a citizen of the United States of America, having an address of 1250 S. Tamiami Trail, #303, Sarasota, Florida 34239, and his heirs, executors and administrators, the entire right, title and interest in and to said invention and application, and in and to any division, continuation or continuation-in-part of said application, and in and to any and all letters patent and reissues and extensions thereof of the United States of America and countries foreign thereto (including the right to apply for letters patent in foreign countries in his own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise) which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they would have been by us had this assignment and transfer not been made.

We do further agree for ourselves, and for our heirs, executors and administrators, to execute and deliver without further consideration any further application, assignments and documents, and to perform such other acts as we lawfully may that may be deemed necessary by William F. Bennett, his heirs, executors and administrators, fully to secure his interest as aforesaid and to obtain or maintain letters patent in any and all countries;

IN WITNESS WHEREOF, we have hereunto signed our names on the day and year set forth below.
