## TERMINATION AND RELEASE OF SECURITY INTEREST

THIS TERMINATION AND RELEASE OF SECURITY INTEREST ("Release") is granted and conveyed as of this 21st day of October 2011, by Credit Suisse AG, Cayman Islands Branch, as Administrative Agent for the lending institutions from time to time parties thereto (the "Lenders") in favor of First Data Corporation (the "Obligor") and its successors in interest.

### WITNESSETH:

WHEREAS, pursuant to that certain Credit Agreement dated as of September 24, 2007, as amended and restated on September 28, 2007, as further amended as of August 10, 2010, as further amended by that certain Extension Amendment dated March 24, 2011 (the "Credit Agreement") by the Grantors (as defined therein) in favor of the Agent, Obligor granted a security interest (the "Security Interest") in certain of its tangible and intangible personal property, including patents;

WHEREAS, pursuant to that certain Patent Security Agreement dated as of October 19, 2007, among the Agent and Obligor (the "Patent Security Agreement"), Obligor reaffirmed its intent to grant the Security Interest to the Agent specifically in certain patents, including the Western Union Patents (as hereinafter defined);

WHEREAS, the Patent Security Agreement was recorded in the Patent Division of the United States Patent and Trademark Office on October 31, 2007 at Reel 020045 and Frame 0165;

WHEREAS, Obligor has requested that Agent: (a) terminate and release the entirety of the Security Interest of Agent and the Lenders in the Western Union Patents; and (b) execute and deliver evidence of such termination and release for filing in the U.S. Patent and Trademark Office; and

WHEREAS, the parties now seek to make a record of Agent's and the Lenders' termination and release of the entirety of their Security Interest in the Western Union Patents.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Agent, on behalf of itself and the Lenders, in reliance on the certificate from the Obligor dated as of the date hereof, and without independent investigation, recourse or warranty, hereby releases, discharges, and relinquishes the Security Interest in the Western Union Patents, and any right, title or interest of the Agent or the Lenders in such Western Union Patents shall hereby cease and become void. Agent, on behalf of itself and the Lenders, specifically acknowledges that all liens and security interests in the Western Union Patents are no longer in force.

The term "Western Union Patents," as used herein, shall mean all of the Grantors' right, title and interest of every kind and nature as of the date hereof in the patents listed on Schedule A hereto.

The parties agree to perform all further acts, and execute and deliver such further documents, as may be required by law or as Western Union may reasonably request to implement and/or give effect to this Agreement and the transactions and releases contemplated by it and for the purpose of vesting in Western Union sole unencumbered ownership of the Western Union Patents. Upon signature, this Agreement may be filed by Western Union with the United States Patent Office and foreign patent offices, without any further consent required from the parties.

FURTHERMORE, the Obligor and the Agent acknowledge that the above release applies only to the Western Union Patents and shall have no effect on security interests to other property under the Credit Agreement.

IN WITNESS WHEREOF, Agent, on behalf of itself and the Lenders, has caused this Release to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
