ASSIGNMENT

WHEREAS, Worldlink Technology Management US Limited, (the "Assignor"), having a principal business address at Thames House, Portsmouth Road, Esher, Surrey KT10 9AD is hereafter referred to as Assignor, have acquired all right title and interest to the inventions of certain new and useful improvements disclosed in certain patents and patent applications recited in the Patent List attached hereto, for which applications for a United States Letters Patent were executed and Patents have been granted;

WHEREAS, Allied Standard Limited, herein referred to as "Assignee" whose mailing address is 1301 Bank of America Tower, c/o Corporate Management Services Limited, 12 Harcourt Road, Central, Hong Kong is desirous of acquiring the entire right, title and interest in the same;

NOW, THEREFORE, for good and valuable consideration the receipt of which is hereby acknowledged, Assignor agrees as follows: Assignor agrees to assign, and hereby does assign, to the Assignee its entire right, title and interest in and to each of the patents listed below, as well as to the "Assigned Applications" in the United States of America and all other countries, where "Assigned Applications" means the patents and patent applications recited in the attached Patent List, as well as any and all pending patent applications, including any and all inventions, discoveries and other subject matter described therein, any divisional, continuation, continuation-in-part, substitute, reissue, re-examination or other application claiming priority to or benefit of the patent applications pursuant to any law or treaty, and any patent issuing from the foregoing. This Assignment expressly and specifically, without limitation, assigns to Assignee all rights to sue for past, present, and future infringement, including the right to collect and receive any monetary damages, royalties, or settlements for such infringements, all rights to sue for injunctive or other equitable relief, and any and all causes of action anywhere in the world. Assignor agrees to assign, and hereby does assign, to Assignee the right to claim such priority or benefit. Assignor has not previously conveyed, nor are they aware of an obligation to convey, their rights in the Assigned Applications to a third party. Assignor hereby authorizes the U.S. Patent and Trademark Office, and any other governmental agency in the world, to issue to Assignee all patents resulting from the Assigned Applications and to record Assignee's ownership thereof. At Assignee's reasonable request Assignor agrees, without further remuneration, to execute and deliver documents prepared at Assignee's expense and to provide other cooperation, such as testimony at Assignee's sole cost and expense, as may be reasonably required to evidence or protect Assignee's rights in the Assigned Applications. Assignee may assign or transfer all or part of its rights set forth herein in its sole discretion. Assignor agrees that Assignee may affix hereto or hereon an indication, with its signature, of its acceptance of the assignment and other provisions hereof. If any provision hereunder is unenforceable, the requirements of the provision shall remain to the full extent permissible by law and the offending portions thereof shall be deemed replaced, to the extent possible, with a provision most closely reflecting the purpose of the offending provision.
