Hong Kong Patent Application No. 06107136.4, Method and Apparatus for Reaching From Outside an Upper Level of a Tall Structure.

Marvin M. May, an individual residing at 529 South Westgate Avenue, Los Angeles, California 90049 ("Assignee") desires to acquire the entire right, title and interest in and to the Patents and Applications, and the inventions therein described, from Assignor; Assignor is willing to assign the Patents and Applications and the inventions therein to Assignee;

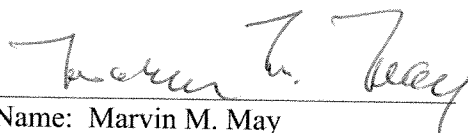

Now, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Assignor does hereby assign, transfer and set over to Assignee, the entire right,

title and interest in and to the Patents and Applications, and in and to any and all divisional, reissue, substitution, continuation, continuation-in-part, and renewal applications thereof, together with reexamination certificates, extensions and any letters patent that may be granted thereon, within the United States of America and its territorial possessions and within all foreign countries, including the right to sue for damages for infringements of the Patents and of any letters patents that may still be granted; all these rights are to be held and enjoyed by Assignee, for its own use and enjoyment and for the use and enjoyment of its successors and assigns to the end of the term of any resulting patent as fully and entirely as the same would have been held and enjoyed by Assignor, if this assignment transfer and sale had not been made.

Assignor promises that no assignment, grant, mortgage, security interest, license or other agreement affecting the rights and property being conveyed herein has been made to others by the undersigned, and that Assignor possesses the full right to convey the same.
