In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, Terre Armee Internationale, on behalf of Societe Civile Brevets Henri C. Vidal, does hereby assign, nunc pro tunc, effective as of March 27, 2012, to

The Reinforced Earth Company, 8614 Westwood Center Drive, Suite 1100, Vienna, VA 22182

its successors and assigns, the entire right, title and interest in the invention or improvements of the undersigned disclosed in the above applications for Letters Patent and Letters Patent of the United States, including the rights to sue for all damages past, present and future. In order to correct a clerical oversight from 2002 when Societe Civile Brevets Henri C. Vidal originally intended to assign the above to its subsidiary The Reinforced Earth Co., the undersigned, Terre Armee Internationale hereby assigns all rights in said applications and any and all other United States applications which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States which may be obtained on any of said applications, and in any reissue or extension of such patents, and further assigns to said assignee the priority right provided by the International Convention effective back to the date to which original assignment was intended.

The undersigned hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to said assignee.

The undersigned hereby authorize and request the attorneys of record in any of the above applications or letter patents to insert in this assignment the filing date, serial number, and/or title of said application when officially known, and the date of execution of the application.

The undersigned warrant themselves to be the owners of the entire right, title and interest in said above inventions or improvements and to have the right to make this assignment, and further warrant that

there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations the undersigned hereby agree, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application and any and all applications and other documents for Letters Patent on said invention or improvements, that said assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorize said assignee to apply for patents for said invention or improvements in its own name where such procedure is proper and further agree, upon the request of said assignees, its successors and assigns, to cooperate to the best of the ability of the undersigned with said assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain, maintain and enforce said United States Letters Patent and vest all rights therein hereby conveyed in the assignees, its successors and assigns, whereby said Letters Patent will be held and enjoyed by the said assignees, its successors and assigns, to the full end of the term for which said Letters Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

WITNESS my hand and seal this 21st day of November, 2012.
