ASSIGNMENT OF INVENTIONS, PATENTS, AND PATENT APPLICATION

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged;

Patrick Sean Harper (hereinafter: "Assignor"), being the inventor and owner of each patent and patent application listed in Exhibit A, attached hereto (the "Patents"), hereby sell, assign, transfer and set over unto

Kaddan Entertainment, Inc., a New York Corporation with an address of 410 East 50th Street, New York, NY 10022 and its successors or assigns (hereinafter: "Assignee"), as of the date of this agreement, in perpetuity:

The entire right, title and interest, including the right of priority, in and to the Patents and any patents to be or that were granted thereon anywhere in the world, and all divisions, continuations, continuations in part, reissues, additions, and extensions thereof, and to any patent that may be granted thereon, including all inventions and applications relating to any of the foregoing; said rights of protection to be held and enjoyed by said Assignee for its own use and behalf and or use and behalf of its successors or assigns, to the full end of the term of which said Patents or other rights of protection may be granted, as fully and as entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made.

The rights transferred by this Assignment include the right to recover and take all proceedings as may be necessary for the recovery of damages in respect of all infringements of the Patent. This assignment includes, but is not limited to, the patents, patent application, and underlying inventions listed in Exhibit A hereto.

Assignor covenants that he has the full right to convey the entire interest herein assigned and has not executed, and will not execute, any agreement in conflict herewith.

Assignor agrees that he will, at any time upon Assignee's request, communicate to the Assignee, its successor, legal representatives and assigns, any facts known to him with respect to the Patents, provide testimony in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to assist the Assignee, its successors, legal representatives and assigns, to obtain and enforce proper protection, ownership and rights of use for said Patents in all countries. In the event the Assignor fails to execute and deliver such documents and instruments promptly upon the Assignee's request, the Assignee is hereby authorized and appointed attorney-in-fact of and for the Assignor to make, execute and deliver any and all such documents and instruments.

IN WITNESS WHEREOF, the undersigned have caused this Assignment of Invention and Patent Application to be duly executed.
