WHEREAS, I, the above-identified Inventor(s), have invented certain new and useful improvements in the invention identified above and described in the above-identified Patent Application; and

WHEREAS, I desire to assign all my rights title and interest in the invention and in the Patent Application to the above identified Assignees;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged;

I, I hereby assign and transfer all of my rights, title and interest in and to the invention and the Patent Application as identified above, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have granted for the invention, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to

accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto the Assignees in conformance with the designation made above of the countries for which this assignment of all my rights, title and interest is made.

2. I further agree to sign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations and continuations-in-part of the Patent Application and/or, for obtaining any reissue or reissues of any Letters Patent which may be granted for the invention, as the Assignee or its Designee(s) may from time to time require and prepare at its own expense.

3. I hereby warrant and represent that I have not entered and will not enter into any assignment, contract or understanding in conflict herewith.

IN WITNESS WHEREOF, I have executed and delivered this instrument to the Assignees on the dates indicated below.
