ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **Bacterial Robotics, LLC**, a limited liability company having a place of business at P.O. Box 30085, Cincinnati, Ohio 45230 (“Assignor”) hereby sells, assigns, and transfers to the **University of Cincinnati**, located at 51 Goodman Dr., Suite 240, Cincinnati, OH 45221-0829 (“Assignee”), a joint, equal and undivided right, title, and interest, including the right to sue for past infringement and to collect for all past, present and future damages, such that the Assignor by way of this Assignment hereby retains a joint, equal and undivided right, title, and interest and Assignor and Assignee become co-owners,

check applicable space(s)

for the United States of America (as defined in 35 U.S.C. § 100),

and throughout the world,

in the invention(s) known as **Improved Microbial Fuel Cell** (“the Invention”) for which an international patent application was filed on November 4, 2010 (also known as International Application No. PCT/US2010/055470), and for which U.S. non-provisional applications were filed on February 23, 2010 (also known as U.S. Patent Appl. Nos.: 12/660,200, and 12/660,244) and for which a U.S. provisional application was filed on February 23, 2009 (also known as U.S. Provisional Appl. No.: 61/154,464), in any and all non-provisional, foreign, national stage and continuing patent applications thereon (including without limitation substitutions, divisionals, continuations, and continuations-in-part), in any and all patents or Letters Patent issued therefrom, and reissues, extensions, renewals, and reexaminations of such applications or patents (the foregoing are collectively “the Patent Applications and Patents”).

Such joint, equal and undivided right, title, and interest in the Invention and the Patent Applications and Patents are to be held and enjoyed by the Assignor and Assignee as co-owners, to the same extent as they would have been held and enjoyed by Assignor had this Assignment not been made, to the full end of the term or terms for which any such Patent(s) issue. Assignor hereby represents and warrants that it has full right to convey joint, equal and undivided right, title, and interest in the Invention and Patent Applications and Patents herein assigned, and that it has not executed and will not execute any agreement or other document in conflict therewith.

Assignor agrees to execute and deliver separate Assignments, patent applications, and other documents necessary or expedient in connection with, and to cooperate with and to assist Assignee in connection with further perfecting the assignment of the Invention and the Patent Applications and Patents to Assignee.

IN WITNESS WHEREOF, executed by the undersigned Assignor on the date opposite his/her name.

Date: 31 OCT 12
