ASSIGNMENT

I, Chen-Kuo Sun, of 3347 Vista Rocosa, Escondido, California 92029, have invented a method and apparatus entitled SWITCHING AND ROUTING PROTOCOL FOR A FIBER OPTIC TRANSMISSION SYSTEM, hereinafter called the "invention," which is a continuation-in-part of pending prior application Serial No. 13/585,653 filed on August 14, 2012.

Preferred embodiments of said invention are disclosed in a United States patent application filed heretofore by me and now identified as File No. 11576.7.1 of the law firm of Nydegger & Associates, 348 Olive Street, San Diego, California 92103, and filed in the United States Patent and Trademark Office as Serial No. 13/645,292 on October 4, 2012.

The Assignee, Titan Photonics, a corporation of the State of California, having a principal place of business at 48501 Warm Springs Blvd., #106, Fremont, California 94539, desires to secure the entire right, title and interest in said invention.

For good and valuable consideration paid to me by the Assignee, the receipt and sufficiency of which I hereby acknowledge, I HEREBY ASSIGN TO THE ASSIGNEE:

The entire right, title and interest in said invention in the above-identified United States patent application and in all divisions and continuations of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and Foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

I hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behoof of the said Assignee, its successors, assigns and legal representatives.
