ASSIGNMENT OF WORLDWIDE RIGHTS

WHEREAS, Design Integrity, Inc., a corporation having its principal place of business at 1155 W. Fulton Market, Chicago, IL 60607, hereinafter referred to as Assignor, has previously acquired an ownership interest in an invention entitled:

“DISPENSING AND SEALING SYSTEM”

(“Invention”), as described in a patent application for U.S. Letters Patent, bearing attorney docket number D-44755-01, which is about to be filed in the U.S. Patent and Trademark Office (“Application”);

WHEREAS, Assignor acquired its ownership interest in the Invention by assignment from inventors **Scott Rote, Mark Kurth, Kyle Koning, Dan Somen, and Dan Johnson**, who jointly conceived and reduced the Invention to practice while employees of Assignor (“Design Integrity Inventors”);

WHEREAS, Sealed Air Corporation (US), a corporation having a principal place of business at 200 Riverfront Blvd., Elmwood Park, NJ 07407-1033, hereinafter referred to as Assignee, is desirous of securing the entire right, title and interest in and to the Invention in all countries throughout the world, and in and to the Application and the Letters Patent to be issued upon the Application; and

WHEREAS, inventor Michael Knaak, an employee of Assignee, jointly conceived and reduced the Invention to practice along with the Design Integrity Inventors, and has separately executed an assignment to transfer all his right, title, and interest in and to the Invention to Assignee;

NOW, THEREFORE, be it known that for and in consideration of good and valuable consideration, the receipt of which from Assignee is hereby acknowledged, Assignor has sold, assigned, transferred, and conveyed, and does hereby sell, assign, transfer, and convey unto the Assignee, its lawful successors and assigns, its entire right, title, and interest in and to the Invention and the Application, including and all divisions and continuations thereof, and all Letters Patent which may be granted thereon, including all reissues or reexaminations thereof, and all rights to claim priority in all countries on the basis of the Application, including all applications for Letters Patent which may hereafter be filed for the Invention in any foreign

country and all Letters Patent which may be granted on the Invention in any foreign country, and all extensions, renewals, and reissues thereof.

Assignor hereby authorizes and requests the Commissioner for Patents of the United States, and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this Invention to Assignee, its successors and assigns.

Assignor further covenants that it has the full right to convey the interest assigned by this Assignment, and that it has not executed, and will not execute, any agreement in conflict with this Assignment, and that it will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to with respect to the Invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title of the Invention in said Assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this Invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.

IN WITNESS WHEREOF, Assignor has executed this document on the date indicated below.
