Have invented certain new and useful improvements in "**Polyethylene composition suitable for the preparation of films and process for preparing the same**" described in a patent application executed by us respectively on the *4th day of September 2008*, and identified as Case **FR6291 (US)** and of which improvements, in and for the United States, its territories, dependencies, and possessions, and for all foreign countries, we are now the sole owners; and

WHEREAS, **BASELL POLYOLEFINE GMBH**, a corporation duly organized and existing under and by virtue of the laws of Germany, and having its principal office and place of business in Wesseling, Germany, is desirous of acquiring the entire right, title and interest, for the United States, its territories, dependencies and possessions, and for all foreign countries, in and to the said improvements, application, invention or inventions, and any Letters Patent that might be granted therefore or thereupon; the said Basell Polyolefine GmbH, its successors and assigns, being hereinafter referred to as "**BASELL**".

- (1) Said invention or inventions, and, in, to and under the above-identified patent application, and
