ASSIGNMENT

This Assignment is made by Solid Green Systems, LLC of Austin, Texas (hereinafter referred to as "Assignor").

WHEREAS, Assignor is the owner of the complete right, title and interest to the invention entitled **A POLYSTYRENE WALL, SYSTEM, AND METHOD FOR USE IN AN INSULATED FOAM BUILDING**, for which an application for United States Letters Patent was made, said application filed with the U.S. Patent and Trademark Office on November 16, 2009, Application Serial No. 12/618,900;

and

WHEREAS, Assignor is the owner of the complete right, title and interest to the invention entitled **METHOD AND SYSTEM OF BUILDING AN ICF RESIDENCE**, for which a PCT application was made, said application filed with the U.S. Patent and Trademark Office as Receiving Office on November 11, 2010, International Application No. PCT/US10/56307;

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said inventions, said application and any Letters Patent that may be granted for said inventions in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the inventions and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor sells, assigns, and transfers to **SOLID GREEN DEVELOPMENT LLC** of Austin, Texas (hereinafter referred to as "Assignee"), the entire right, title, and interest in and to said inventions, said application and any Letters Patent that may be granted for said inventions in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, and/or their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for said inventions, and for perfecting, recording, or maintaining the title of Assignee,

its successors and assigns, to said inventions, said applications, and any Letters Patent granted for said inventions in the United States and throughout the world.

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said inventions, whether on said application or on any subsequently filed utility, divisional, continuation, continued prosecution application or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said inventions.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date provided below.
