WHEREAS, Konda Technologies, Inc., a California corporation, located at 6278 Grand Oak Way, San Jose, CA 95135, hereinafter referred to as "ASSIGNEE," wishes to acquire all right, title and interest to and under the patent applications described above owned by Assignor and in and to any and all improvements to said applications and in any Letters Patent and Registrations which may be granted on the same in the United States or any country throughout the world;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor, effective 20th day of December, 2012, has assigned, and by these presents does assign to Assignee all right, title and interest for the United States and all foreign countries, in and to any and all improvements for the applications described above and in and to said applications and to all utility divisional continuing, substitute, renewal, reissue, and all other patent applications which have been or shall be filed in the United States and all foreign counterparts (including patent, utility model and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignor further agrees that they will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of U.S. Patent applications and foreign counterparts on the applications and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the applications and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

IN TESTIMONY WHEREOF, Assignor has signed on the date indicated.
