described, illustrated and claimed in an Application for Patent of the United States of America executed by me of even date herewith, together with the entire right, title and interest in and to said Application, and in and to Letters Patent which may be issued upon any Application for Letters Patent based on said Application, and upon any division, extension, continuation, or reissue of any such Application.

I hereby also sell, assign and transfer unto said RFMicron, Inc., the entire right, title and interest in and to said invention, and in and to applications for Letters Patent therefor in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties in respect of said inventions and said applications for Letters Patent in foreign countries, and I further authorize said RFMicron, Inc., to apply for Letters Patent in foreign countries directly in its own name, and to claim the priority of the filing date of said application for Letters Patent of the United States of America under the provisions of any and all international conventions and treaties.
