ASSIGNMENT

WHEREAS, the undersigned, **Walter Urbach III**, an individual residing at P.O. Box 1164, La Jolla, California 92038 (hereinafter referred to as "ASSIGNOR"), is the sole inventor of certain inventions or improvements for Hand Integrated Mouse Platform, for which U.S. Patent Application Number 11/879,131 was filed on July 16, 2007; and

WHEREAS, **NorStar Asset Management, Inc.**, a corporation of Oregon having a principal place of business at P.O. Box 1164, La Jolla, California (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring an undivided one-half interest as joint owner of said invention or improvements and said application for patent, and any and all Letters Patent which may be granted on or as a result thereof in the United States;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said ASSIGNOR has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over to said joint ASSIGNEE an undivided one-half interest in and to: said invention or improvements, and said application, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in the United States and its possessions and territories, and any reissue or reissues or extension or extensions of said Letters Patent, the same to be held and enjoyed by said ASSIGNEE, its successors, assigns, nominees or legal representatives, as joint owner, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by ASSIGNOR exclusively, had this assignment, sale and transfer not been made;

AND the undersigned ASSIGNOR hereby covenants that it has full right to convey the interest herein assigned, and that it has not executed and will not execute any agreement in conflict herewith, and further covenants and agrees that it will, each time request is made and without undue delay, cooperate with ASSIGNEE to execute and deliver all such papers as may be necessary or desirable to perfect the assigned interest in said invention or improvements, said application and said Letters Patent in said ASSIGNEE, its successors, assigns, nominees, or legal representatives.

ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States to issue to said ASSIGNEE, as a joint owner, the undivided one-half interest, in and to any and all Letters Patent for said invention or improvements, including any and all Letters Patent of the United States which may be issued and granted on or as a result of the application aforesaid, in accordance with the terms of this assignment.
