the 25th day of May, 2005,
 the 1st day of June, 2005,
 the 25th day of May, 2006,
 the 20th day of May, 2006,

hereinafter termed the "Application"; and

WHEREAS, Vertical Circuits, Inc., a corporation of the State of Delaware, located at 10 Victor Square, Scotts Valley, California 95086, hereinafter referred to as "Assignee," is desirous of acquiring the entire right, title and interest in and to the Application and the invention disclosed therein, and in and to any and all embodiments of the invention, heretofore conceived, made, or discovered jointly or severally by said Inventors (all collectively hereinafter termed the "Invention") and in and to any and all patents, inventor's certificates, and other forms of protection (hereinafter termed the "Patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged by the Inventors:

1. The Inventors have assigned to the Assignee, and do hereby sell, assign, transfer and convey to the Assignee all right, title and interest (a) in and to the invention and the Application; and (b) in and to all rights to apply for foreign patents (including patent, utility model and industrial designs) on the invention pursuant to the International Convention for the Protection of Industrial Property or otherwise, including the right to claim priority from the Application; and (c) in and to any and all applications filed and any and all patents granted on the invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said applications; and (d) in and to each and every reissue or extension of any of said patents.
2. The Inventors hereby covenant and agree to cooperate with the Assignee to enable the Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by the Inventors shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by the Assignee (a) for perfecting in the Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said Application; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering the invention; (d) for filing and prosecuting applications for reissuance of any said Patents; (e) for interference or other priority
