ASSIGNMENT

WHEREAS, **Pressco Technology Inc.**, ("Assignor"), a corporation of the State of Ohio, having a place of business at **29200 Aurora Road, Cleveland, OH 44139** has been assigned the invention for which U.S. Provisional Patent Application No. 61/353,782, was filed on June 11, 2010, and for which U.S. Patent Application No. 13/159,380 and International Patent Application No. PCT/US2011/040237 were subsequently filed on June 13, 2011 (both of which claim the priority benefit of U.S. Provisional Application No. 61/353,782), and is entitled **COOKWARE AND COOK-PACKS FOR NARROWBAND IRRADIATION COOKING AND SYSTEMS AND METHODS THEREOF**; and

WHEREAS, Assignor wishes to formalize transfer of said invention to **Pressco IP LLC** ("Assignee") having a principal place of business at **29200 Aurora Road, Cleveland, OH 44139**;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred and/or does hereby sell, assign and transfer unto Assignee, its successors, assigns, nominees or other legal representatives, the full, exclusive, entire worldwide rights, title and interest in, to, and under said invention as described and claimed in said applications, the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, nominees, or other legal representatives, to the end of the term or terms for which said Letters Patent are or may be granted, reissued, or extended, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made; all of the entire rights, title and interest held in and to said invention and said applications, and all original and reissued patents granted for said invention, and all divisions, reissues, continuations-in-part, and continuations of said applications, including the subject matter of any and all claims which may be obtained in every patent, and the right, where such right can be legally exercised, in Assignee's own name to apply for and obtain patents in countries foreign to the United States, including the full right to claim for any such application the benefits of the International Convention and the Patent Cooperation Treaty as fully and entirely as Assignor could have done if the foreign application had been filed in the names of the Assignor, and the entire interest in any Letters Patent which may be granted on any such application in such foreign countries, and Assignor authorizes and requests the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States whose duty is to issue patents on applications as aforesaid, to issue the said Letters Patent to Assignee, its successors, assigns, nominees, or other legal representatives, as Assignee and owner of the said entire rights, and Assignor covenants that Assignor has the full right to convey the said entire interest herein assigned and that Assignor has not executed and will not execute any agreement in conflict herewith, and Assignor will communicate to Assignee, its successors, assigns, nominees, or other legal representatives all facts known to Assignor respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute and deliver all divisional, continuing, and reissue applications, make all rightful oaths or declarations, and do all lawful acts requisite for the applications for such divisional, continuing, or reissue applications, or

the procuring thereof, and that if and when Assignee, its successors, assigns, nominees, or other legal representatives desire to file a disclaimer relating thereto, Assignor will, upon request, sign and deliver all lawful papers requisite for the filing of such disclaimer; and

Assignor further covenants and agrees that Assignor will, at any time upon request, do everything possible to aid Assignee, its successors, assigns, nominees, or other legal representatives, either in the name of Assignor or Assignee, to apply for, obtain, and enforce proper patent protection for said invention in all countries, according to the International Convention and the Patent Cooperation Treaty, and all the laws and treaties in force, all without further consideration but at the expense of Assignee, its successors, assigns, nominees, or other legal representatives.
