(a) All letters patent of, or rights corresponding thereto in, the United States or any other country, all registrations and recordings thereof, and all applications for letters patent of, or rights

corresponding thereto in, the United States or any other country, including, without limitation, registrations, recordings and applications in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country; all reissues, continuations, continuations-in-part or extensions thereof; all petty patents, divisionals, and patents of addition; and all patents to be issued under any such applications, including without limitation the patents and patent applications set forth on Exhibit "A" attached hereto (collectively, the "Patents");

(b) Any and all claims for damages by way of past, present and future infringement of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of the intellectual property rights identified above;

(c) All licenses or other rights to use any of the Patents, and all license fees and royalties arising from such use to the extent permitted by such license or rights;

(d) All amendments, renewals and extensions of any of the Patents; and

(e) All proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.

3. Maturity. Unless sooner paid or converted in accordance with the terms hereof, the entire unpaid principal amount and all unpaid accrued interest shall become fully due and payable on the earlier of (a) June 30, 2013, (b) the closing date of a financing, conducted through a bona fide arm's length transaction, in which the Company (i) issues and sells for cash its capital stock to investor(s) and/or (ii) issues indebtedness to lenders, in aggregate amount from the date hereof equal to or greater than Two Hundred and Fifty Thousand Dollars (\$250,000), or (c) the date of the acceleration of the maturity of this Note by the Lender upon the occurrence of an Event of Default (such earlier date, the "Maturity Date").

4. Payments.

(a) Form of Payment. All payments of interest and principal (other than payment by way of conversion) shall be in lawful money of the United States of America to the Lender, at the address specified in the Agreement, or at such other address as may be specified from time to time by the Lender in a written notice delivered to the Company. All payments made hereunder shall be applied first to accrued interest, and thereafter to principal and any fees due and owing to the Lender.

(b) Prepayment. Prepayment of principal or interest under this Note without the express prior written consent of the Lender is not permitted.

5. Conversion.

(a) Conversion at the Option of the Lender. At any time prior to the Maturity Date, the Lender may, in its sole discretion and upon 5 Business Days' prior written notice to the Company, convert all or a portion of the Debt of the Company outstanding on such date under this Note into that number of shares of Common Stock which is equal to the quotient obtained by dividing (a) the sum of (i) the outstanding principal amount of this Note elected by the Lender to be so converted and (ii) any accrued but unpaid interest thereon elected by the Lender to be so converted by (b) \$0.38 (subject to appropriate adjustments for any stock dividend, stock split, stock combination, reclassification or similar transaction after the date hereof). Any accrued but unpaid interest not converted into shares of Common Stock as provided in the preceding sentence shall be paid in cash on such date. Prior to the execution of this Note, the Company shall have reserved and set aside for issuance to the Lender such number of shares of Common Stock as would be issuable upon conversion of the Note pursuant to this Section 5(a).

(b) Conversion or Repayment Upon Maturity. In the event that any Debt under this Note remains outstanding on the Maturity Date, then the principal amount under this Note then outstanding and any accrued but unpaid interest thereon shall, at the option of the Lender, either (a) become immediately due and payable on such date or (b) convert on such date into that number of shares of Common Stock which is equal to the quotient obtained by dividing (i) the sum of (A) the then outstanding principal amount of this Note elected by the Lender to be so converted and (B) any accrued but unpaid interest thereon elected by the Lender to be so converted by (ii) \$0.38 (subject to appropriate adjustments for any stock dividend, stock split, stock combination, reclassification or similar transaction after the date hereof). Any principal and any accrued but unpaid interest not converted into shares of Common Stock as provided in the preceding sentence shall be paid in cash on the Maturity Date. Prior to the execution of this Note, the Company shall have reserved and set aside for issuance to the Lender such number of shares of Common Stock as would be issuable upon conversion of the Note pursuant to this Section 5(b).

(c) Issuance of Certificates. As soon as is reasonably practicable after a conversion has been effected (but in any event within five (5) Business Days thereafter), the Company shall deliver to the Lender a certificate or certificates representing the number of shares of Common Stock issuable by reason of such conversion in such name or names and in such denomination or denominations as the Lender may specify.

(d) No Fractional Shares. If any fractional share of Common Stock would, except for the provisions hereof, be deliverable upon conversion of this Note, the Company, in lieu of delivering such fractional share, shall pay an amount equal to the value of such fractional share, as determined by the per share conversion price used to effect such conversion.

(e) Issuance Costs. The issuance of certificates for shares of capital stock issuable upon conversion of this Note shall be made without charge to the Lender for any documentary stamp tax in respect thereof or other cost incurred by the Company in connection with such conversion and the related issuance of such shares of Common Stock; provided, that the Company shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate upon conversion in a name other than that of the Lender so converted and the Company shall not be required to issue or deliver such certificates unless or until the person or persons requesting the issuance thereof shall have paid to the Company the amount of such tax or shall have established to the satisfaction of the Company that such tax has been paid. Upon conversion of this Note, the Company shall take all such actions as are necessary in order to ensure that the Common Stock issuable with respect to such conversion shall be validly issued, fully paid and nonassessable.

(f) Compliance with Laws and Regulations. The Company shall take all such actions as may be necessary to assure that all shares of capital stock issued upon conversion of this Note may be so issued without violation of any applicable law or governmental regulation or any requirement of any domestic securities exchange upon which such shares of capital stock may be listed (except for official notice of issuance which shall be immediately delivered by the Company upon such issuance).

6. Affirmative Covenants. So long as any Obligations remain outstanding, the Company shall:

(a) Compliance with Laws. Comply in all material respects with applicable laws, rules, regulations and orders, such compliance to include, without limitations, paying before the same become delinquent all taxes, assessments, and charges imposed upon it or upon its property by any Governmental Authority except for good faith contests for which adequate reserves are being maintained.

(b) Information. Deliver to the Lender or cause to be delivered to the Lender, in form and detail satisfactory to Lender, the following financial and other information:

(i) written notice of any of the following, promptly, and in any event within three (3) days after the Company actually becomes aware of any of the following: (i) any proceeding being instituted or threatened by or against it involving a sum in excess of \$25,000 in the aggregate for all proceedings, (ii) any order, judgment or decree being entered against the Company or any of its properties or assets involving a sum in excess of \$25,000 in the aggregate for all such orders, judgments and decrees taken together, and (iii) any actual or prospective change, development or event which has had or could reasonably be expected to have a Material Adverse Effect; and

(ii) such other statements, lists of property and accounts, budgets, forecasts, projections, reports, or other information as the Lender may from time to time reasonably request.

(c) Notice of Litigation. Provide to the Lender promptly after the commencement thereof, notice of all actions, suits, and proceedings before any court or Governmental Authority affecting the Company, which, if determined adversely to the Company, could have a Material Adverse Effect.

(d) Notice of Defaults and Events of Defaults. Provide to the Lender, as soon as possible and in any event within three (3) days after the occurrence thereof, with written notice of each event which either (i) is an Event of Default, or (ii) with the giving of notice or lapse of time or both would constitute an Event of Default, in each case setting forth the details of such event and the action which is proposed to be taken by the Company with respect thereto.

(e) Governmental Approvals. Use commercially reasonable efforts to promptly obtain and maintain any and all authorizations, consents, approvals, licenses, franchises, concessions, leases, rulings, permits, certifications, exemptions, filings or registrations by or with any Governmental Authority necessary for the Company to conduct its business and own (or lease) its properties or to execute, deliver and perform the Transaction Documents, except where the failure to do so could not reasonably be expected to result in a Material Adverse Effect.

(f) Insurance. Promptly obtain and maintain in full force and effect at all times with responsible insurance companies such insurance covering its assets and properties, in such amounts and against such risks and with such deductibles as an enterprise conducting a similar business under similar business conditions as the Company would customarily maintain, except where the failure to do so could not reasonably be expected to result in a Material Adverse Effect.

(g) Continuance of Business. Maintain its legal existence, licenses and privileges in good standing under and in compliance with all applicable laws and continue to operate the business currently conducted by the Company and its Subsidiaries. Without limiting the generality of the foregoing, the Company shall do and cause to be done all things necessary to apply for, preserve, maintain and keep in full force and effect all of its registrations of trademarks, service marks and other marks, trade names and other trade rights, patents, copyrights and other intellectual property in accordance with prudent business practices.

(h) Taxes. Pay and discharge (i) all federal and other material taxes, fees, assessments and governmental charges or levies imposed upon it or upon its properties or assets prior to the date on which penalties attach thereto, and all lawful claims for labor, materials and supplies which, if unpaid, might become a Lien (other than a Permitted Lien) upon any of its properties or assets; and (ii) all other lawful claims which, if unpaid, would by law become a Lien upon its property not constituting a Permitted Lien.

(i) Additional Patents. Following the date hereof, if the Company shall obtain rights to any new patents or otherwise acquires or becomes entitled to the benefit of, or apply for registration of, any of the foregoing, the Company (i) shall promptly notify the Lender thereof and (ii) hereby authorizes the Lender to modify, amend, or supplement Exhibit A and from time to time to include any of the foregoing and make all necessary or appropriate filings with respect thereto.

(j) Preservation of Patents. The Company shall (i) prosecute diligently all applications in respect of the Patents, now or hereafter pending; (ii) make federal applications on all of its unpatented but patentable inventions; (iii) preserve and maintain all of its material rights in the Patents and protect the Patents from infringement, unfair competition, cancellation, or dilution by all appropriate action necessary in the Company's reasonable business judgment, including, without limitation, the commencement and prosecution of legal proceedings to recover damages for infringement and to defend and preserve its rights in the Patents; and (iv) not abandon any of the Patents necessary to the conduct of its business.

7. Negative Covenants. So long as any Obligations remain outstanding:

(a) Liens. The Company shall not, and shall not permit any of its direct or indirect Subsidiaries to, create or suffer to exist any Lien (other than the Lien granted hereunder) on any assets of such Person.

(b) Debt. The Company shall not, and shall not permit any of its direct or indirect Subsidiaries to, incur any Debt other than Permitted Debt; prepay, redeem, purchase, defease or otherwise satisfy in any manner prior to the scheduled repayment thereof any Debt (other than amounts due in respect of this Note); or amend, modify or otherwise change the terms of any Debt (other than this Note) in a manner which would accelerate the scheduled repayment thereof or otherwise be adverse to the interests of the Lender.

(c) Sale of Subsidiary. The Company shall not, and shall not permit any of its direct or indirect Subsidiaries to, sell, transfer, cause to be sold or transferred, or otherwise dispose of, any interest in a Subsidiary of such Person.

(d) Distributions. The Company shall not declare or pay any dividends or make any distribution of any kind on the Company's capital stock.

(e) Amendment of Organic Documents. The Company shall not amend, supplement, or otherwise modify any of the provisions of the Company's Organic Documents in a manner that would be materially adverse to the Lender.

(f) Transaction with Affiliates. The Company shall not, and shall not permit any of its direct or indirect Subsidiaries to, transfer, sell, assign or otherwise dispose of any of its assets to any Affiliate or enter into any transaction directly or indirectly with or for the benefit of any Affiliate unless the monetary or business consideration arising therefrom would be as advantageous to the Company or, as applicable, such Subsidiary, as the Company or such Subsidiary would obtain in a comparable arm's length transaction with a Person not an Affiliate.

(g) Sale of Collateral. The Company shall not, and shall not permit any of its direct or indirect Subsidiaries to, sell, license, transfer or otherwise dispose of any interest in any Collateral, except for licenses or sublicenses of rights in intellectual property on a non-exclusive or other limited basis in the ordinary course of business.

(h) Changes in Business. The Company shall not enter into or engage in any business other than that carried on (or contemplated to be carried on) as of the date hereof.

(i) Accounting Changes. The Company shall not change its fiscal year or make or permit any change in accounting policies or reporting practices, except as permitted by GAAP.

8. Use of Proceeds. The Company shall use the proceeds from this Note solely to fund the operations of the Company in the ordinary course of business.

9. Default.

(a) Events of Default. For purposes of this Note, any of the following events which shall occur shall constitute an “Event of Default”:

(i) any indebtedness under this Note is not paid when and as the same shall become due and payable, whether at maturity, by acceleration or otherwise;

(ii) a default shall occur in the observance or performance of (A) any covenant, obligation or agreement of the Company contained in Sections 6, 7 or 8, or (B) any other provision of this Note, the Agreement or any Transaction Document and such default shall continue uncured for a period of 5 days after the Company knew or should have known, exercising reasonable diligence, of the event or circumstances giving rise to such default;

(iii) any representation, warranty or certification made by the Company herein or in the Agreement or in any certificate, report, document, agreement or instrument delivered pursuant to any provision hereof or thereof shall prove to have been false or incorrect in any material respect on the date or dates as of which made;

(iv) the Company shall (A) apply for or consent to the appointment of a receiver, trustee, custodian or liquidator of itself or any part of its property, (B) become subject to the appointment of a receiver, trustee, custodian or liquidator for itself or any part of its property that is not discharged or stayed within 60 days after such appointment, (C) make an assignment for the benefit of creditors, (D) or fail generally or admit in writing to its inability to pay its debts as they become due, (E) institute any proceedings under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally, or file a petition or answer seeking reorganization or an arrangement with creditors to take advantage of any insolvency law, or file an answer admitting the material allegations of a bankruptcy, reorganization or insolvency petition filed against it, or (F) become subject to any involuntary proceedings under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally that is not dismissed within 60 days after commencement, or have an order for relief entered against it in any proceeding under the United States Bankruptcy Code that is not dismissed within 60 days of entry;

(v) the Company shall (A) liquidate, wind up or dissolve (or suffer any liquidation, wind-up or dissolution), (B) suspend its operations other than in the ordinary course of business, or (C) take any action to authorize any of the actions or events set forth above in Section 9(a)(iv);

(vi) any final judgment or judgments for the payment of money aggregating in excess of \$50,000 shall be rendered against the Company which judgments are not, within 30 days after the entry thereof, bonded, discharged or stayed pending appeal, or are not discharged within 45 days after the expiration of such stay; provided, however, that any judgment which is covered by insurance or an

indemnity from a credit worthy party shall not be included in calculating such amount so long as the Company provides the Lender with a written statement from such insurer or indemnity provider (which written statement shall be reasonably satisfactory to the Lender) to the effect that such judgment is covered by insurance or an indemnity and the Company will receive the proceeds of such insurance or indemnity within 30 days of the issuance of such judgment;

(vii) (A) any Debt of the Company (other than this Note) shall not be paid at its stated maturity or shall be duly declared to be or shall become due and payable prior to the stated maturity thereof, or (B) there shall occur and be continuing any event under any agreement or instrument relating to any such Debt, the effect of which is to cause such Debt to become due prior to its stated maturity, or (C) the holder or holders of such Debt, or any trustee, agent or other representative on behalf of such holder or holders, shall have demanded or required, pursuant to the terms of any agreement or instrument relating to such Debt, that the Company redeem, repurchase or otherwise acquire or retire such Debt for value at any time prior to its stated maturity;

(viii) the occurrence or existence of any event or condition that, in the Lender's reasonable and good faith judgment, has had or would have or result in a Material Adverse Effect;

(ix) any material impairment in the value of the Collateral or the priority of the Lender's Lien hereunder;

(x) any levy upon, seizure or attachment of a material portion of the Collateral which shall not have been rescinded or withdrawn within 20 days after the date of such levy, seizure or attachment; or

(xi) (A) the Company asserts that any Transaction Document is invalid or unenforceable, in whole or in part, or (B) the Lender shall cease to have a perfected Lien in any of the Collateral (subject to Permitted Liens).

(b) Consequences of Events of Default.

(i) Upon the occurrence of any Event of Default, the Lender may declare any of the Obligations to be immediately due and payable and shall have, in addition to all other rights and remedies granted to it in this Agreement or any other Transaction Document, all rights and remedies of a secured party under the UCC and other applicable laws. Without limiting the generality of the foregoing, (w) the Lender may, subject to the UCC and other applicable law, peaceably and without notice enter any premises of the Company, take possession of any the Collateral, remove or dispose of all or part of the Collateral on any premises of the Company or elsewhere, and otherwise collect, receive, appropriate and realize upon all or any part of the Collateral, and demand, give receipt for, settle, renew, extend, exchange, compromise, adjust, or sue for all or any part of the Collateral, as the Lender may determine; (x) the Lender may require the Company to assemble all or any part of the Collateral and make it available to the Lender at any place and time designated by the Lender; (y) the Lender may secure the appointment of a receiver of the Collateral or any part thereof (to the extent and in the manner provided by applicable law); (z) the Lender may sell, resell, lease, use, assign, license, sublicense, transfer or otherwise dispose of any or all of the Collateral in its then condition or following any commercially reasonable preparation or processing (utilizing in connection therewith any of the Company's assets, without charge or liability to the Lender therefor) at public or private sale, by one or more contracts, in one or more parcels, at the same or different times, for cash or credit, or for future delivery without assumption of any credit risk, all as the Lender deems advisable; provided, however, that the Company shall be credited with the net proceeds of sale only when such proceeds are finally collected by the Lender.

(ii) For the purpose of enabling the Lender to exercise its rights and remedies under this Section 9 during the continuance of an Event of Default, the Company hereby grants to the Lender an irrevocable, non-exclusive and assignable license (exercisable without payment or royalty or other compensation to the Company) to use, license or sublicense any intellectual property Collateral.

(iii) The Lender has no obligation to attempt to satisfy the Obligations by collecting them from any other Person liable for them, and the Lender may release, modify or waive any Collateral provided by any other Person to secure any of the Obligations, all without affecting the Lender's rights against the Company. The Company waives any right it may have to require the Lender to pursue any third Person for any of the Obligations. The Lender may comply with any applicable state or federal law requirements in connection with a disposition of the Collateral and compliance will not be considered adversely to affect the commercial reasonableness of any sale of the Collateral. The Lender may sell the Collateral without giving any warranties as to the Collateral. The Lender may specifically disclaim any warranties of title or the like. This procedure will not be considered adversely to affect the commercial reasonableness of any sale of the Collateral. If the Lender sells any of the Collateral upon credit, the Company will be credited only with payments actually made by the purchaser, received by the Lender and applied to the indebtedness of the purchaser. In the event the purchaser fails to pay for the Collateral, the Lender may resell the Collateral and the Company shall be credited with the proceeds of the sale.

(iv) The cash proceeds actually received from the sale or other disposition or collection of Collateral, and any other amounts received in respect of the Collateral the application of which is not otherwise provided for herein, shall be applied first, to the payment of the reasonable costs and expenses of the Lender in exercising or enforcing its rights hereunder and in collecting or attempting to collect any of the Collateral, and to the payment of all other amounts payable to the Lender; and second, to the payment of the Obligations. Any surplus thereof which exists after payment and performance in full of the Obligations shall be promptly paid over to the Company or otherwise disposed of in accordance with the UCC or other applicable law. The Company shall remain liable to the Lender for any deficiency which exists after any sale or other disposition or collection of Collateral.

(v) The Lender shall also have any other rights which the Lender may have been afforded under any contract or agreement at any time and any other rights which the Lender may have pursuant to applicable law. The Lender may exercise any and all of its remedies under this Note, the Agreement and the other Transaction Documents contemporaneously or separately from the exercise of any other remedies hereunder or under applicable law.

10. Lost, Stolen, Destroyed or Mutilated Note. In case this Note shall be mutilated, lost, stolen or destroyed, the Company shall issue a new Note of like date, tenor and denomination and deliver the same in exchange and substitution for and upon surrender and cancellation of any such mutilated Note, or in lieu of any such Note lost, stolen or destroyed, upon receipt of evidence satisfactory to the Company of the loss, theft or destruction of any such Note.

11. Governing Law. This Note is to be construed in accordance with and governed by the laws of the State of New York. The provisions of Section 5.3 of the Agreement relating to venue, submission to jurisdiction and the waiver of the right to jury trial are by this reference incorporated herein, *mutatis mutandis*, as if set forth herein in full.

12. Amendment and Waiver. Any term of this Note may be amended and the observance of any term of this Note may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent of the Company and the Lender.

13. Notices. Except as may be otherwise provided herein, all notices, requests, waivers and other communications made pursuant to this Note shall be made in accordance with Section 5.3(b) of the Agreement.

14. Securities Purchase Agreement. This Note is issued pursuant to the terms of that certain Securities Purchase Agreement (the "Agreement"), dated as of February 5, 2013, between the Company and the Lender.

15. Termination. Upon payment and performance in full of all Obligations, the security interest created under this Note shall terminate.

16. Authorization. The Company hereby irrevocably authorizes the Lender (or its designee) at any time and from time to time to file in any jurisdiction any financing or continuation statement and amendment thereto or any registration of charge, mortgage or otherwise, containing any information required under the UCC or any applicable of any other applicable jurisdiction (in each case, without the signature of the Company to the extent permitted by applicable law), reasonably necessary or appropriate in the judgment of the Lender to perfect or evidence its first priority security interest in and Lien on the Collateral. The Company hereby irrevocably ratifies and approves any such filing, registration or recordation in any jurisdiction by the Lender (or its designee) that has occurred prior to the date hereof, of any financing statement, registration of charge, mortgage or otherwise. The Company agrees to provide to the Lender (or its designee) any and all information required under the UCC or any applicable law of any other applicable jurisdiction for the effective filing of a financing statement and any amendment thereto or any registration of charge, mortgage or otherwise in connection with the Collateral.

17. Severability. If one or more provisions of this Note are held to be unenforceable under applicable law, such provision shall be excluded from this Note and the balance of this Note shall be interpreted as if such provision were so excluded and shall be enforceable in accordance with its terms.

18. Assignment. The Company shall not have the right to assign its rights and obligations hereunder or any interest herein. The Lender may at any time assign or transfer all or part of its rights and/or obligations under this Note.

19. Remedies Cumulative; Failure or Indulgence Not a Waiver. The remedies provided in this Note shall be cumulative and in addition to all other remedies available under this Note and any of the other Transaction Documents. No failure or delay on the part of the Lender in the exercise of any power, right or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or privilege preclude other or further exercise thereof or of any other right, power or privilege.

20. Payments. Whenever any payment of cash is to be made by the Company to any Person pursuant to this Note, such payment shall be made in lawful money of the United States of America by a check drawn on the account of the Company and sent via overnight courier service to such Person at such address as previously provided to the Company in writing (which address, in the case of the Lender as of the date of issuance hereof, shall initially be the address for the Lender as set forth in the Agreement); provided that the Lender may elect to receive a payment of cash via wire transfer of immediately available funds by providing the Company with prior written notice setting out such request and the Lender's wire transfer instructions. Whenever any payment to be made shall otherwise be due on a day which is not a Business Day, such payment shall be made on the immediately succeeding Business Day and such extension of time shall be included in the computation of accrued interest. All payments received by the Lender after 5:00 p.m. shall be deemed received on the next succeeding Business Day and any applicable interest shall continue to accrue.

21. Excessive Interest. Notwithstanding any other provision herein to the contrary, this Note is hereby expressly limited so that the interest rate charged hereunder shall at no time exceed the maximum rate permitted by applicable law. If, for any circumstance whatsoever, the interest rate charged exceeds the maximum rate permitted by applicable law, the interest rate shall be reduced to the maximum rate permitted, and if the Lender shall have received an amount that would cause the interest rate charged to be in excess of the maximum rate permitted, such amount that would be excessive interest shall be applied to the reduction of the principal amount owing hereunder (without charge for prepayment) and not to the payment of interest, or if such excessive interest exceeds the unpaid balance of principal, such excess shall be refunded to the Company.

22. Facsimile Transmission of Signature Page. The delivery of any executed signature page to this Note by telecopy or other electronic imaging means shall be effective as delivery of a manually executed signature page to this Note.

23. Waiver of Notice. To the extent permitted by law, the Company hereby waives demand, notice, protest and all other demands and notices in connection with the delivery, acceptance, performance, default or enforcement of this Note and the Transaction Documents. In addition, the Company hereby waives, to the fullest extent permitted by law, (a) any right of redemption with respect to the Collateral, whether before or after sale hereunder, and all rights, if any, of marshalling of the Collateral or other collateral or security for the Obligations; (b) any right to require the Lender (i) to proceed against any Person, (ii) to exhaust any other collateral or security for any of the Obligations, or (iii) to pursue any remedy in the Lender's power; and (c) all claims, damages, and demands against the Lender arising out of the repossession, retention, sale or application of the proceeds of any sale of the Collateral.
