ASSIGNMENT

WHEREAS, INTEGRITY ENGINEERING, INC. ("Assignor"), a business entity organized and existing under the laws of the state of Minnesota, and having its principal offices at 12303 – 323rd Avenue, P.O. BOX 189, Princeton, Minnesota 55374 is an owner by assignment (reel/frame 023104/0824) of United States Patent Application No. 12/510,789, filed July 28, 2009, entitled FLEXOGRAPHIC PROOFING TOOLS AND METHODS, including the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefor, and further including all divisions, continuations and renewals thereof.

WHEREAS, PROBITY ENGINEERING, LLC, a business entity organized and existing under the laws of the state of Minnesota and having its principal offices at 12303 – 323rd Avenue, Princeton, Minnesota 55374 (the "Assignee") has acquired the entire right, title and interest in and to said rights of Assignor enumerated above as memorialized by this Assignment.

NOW, THEREFORE, for good and valuable consideration to Assignor in hand paid by said Assignee, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and by these presents does hereby sell, assign and transfer unto the said Assignee, its successors and assigns, Assignor's entire right, title and interest in and to said invention, said application, all applications claiming priority to said application including all divisions, continuations or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue, therefrom including all reissues or extensions of such patents including all of Assignor's rights under the International Convention, and Assignor does hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned Assignee in accordance herewith.

Assignor hereby authorizes the above mentioned Assignee, its successors and assigns, or anyone they may properly designate, to insert in this instrument the date of execution and/or filing date and application number of any application subject to this assignment when ascertained.

Assignor further authorizes said Assignee, its successors and assigns, or anyone they may properly designate, to apply for Letters Patent, in their own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration Assignor does hereby covenant and agree with the said Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these presents, and that Assignor or its employees, officers, executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original,

divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

IN WITNESS WHEREOF, Assignor has hereunto set its hand and affixed its seal as dated below.
