TERMINATION AND RELEASE OF SECURITY INTEREST IN PATENTS

This TERMINATION AND RELEASE OF SECURITY INTEREST IN PATENTS (the "Release") is made this 17 day of June, 2011 (the "Release Date") by Calleen King Letaconnoux, an individual ("Grantee"), for the benefit of Picture Patent, a Delaware corporation (the "Grantor"), and International Business Machines, a New York corporation ("IBM").

WHEREAS, the Grantor has entered into a certain Patent Security Agreement, dated as of March 3, 2010 with Grantee (as at any time prior to the date hereof amended, supplemented or otherwise modified, the "Patent Security Agreement"), pursuant to which the Grantor granted to the Grantee security interests and liens in patents and patent applications identified in Exhibit A attached hereto and made a part hereof, and including, without limitation, (i) all inventions and improvements described and claimed therein and the right to make, have made, use or sell, market or advertise for sale the same, (ii) the right to sue or otherwise recover for any infringements or misappropriations thereof, (iii) all income, royalties, damages and other payments now and hereafter due and/or payable with respect thereto (including, without limitation, payments under all licenses entered into in connection therewith, and damages and payments for past, present and future infringements thereof), and (iv) all rights corresponding thereto throughout the world and all reissues, divisions, continuations, continuations-in-part, substitutes, renewals and extensions thereof, all improvements thereon and all other rights of any kind whatsoever of the Grantor accruing thereunder or pertaining thereto (the "Patents");

WHEREAS, Grantee has filed a record of the Patent Security Agreement with the United States Patent & Trademark Office (the "USPTO") and the Intellectual Property of the United Kingdom Office ("UKIPO");

WHEREAS, the Grantor and IBM are parties to litigation relating to the ownership status of the Patents in which IBM has been deemed by the Court to be the true, complete and exclusive owner of all right, title and interests in the U.S. Patents enumerated in Exhibit A; and

WHEREAS, Grantee desires to be released of any obligations, liabilities or costs associated with participating in such litigation.

NOW, THEREFORE, in consideration thereof and for other good and valuable considerations the receipt and sufficiency of which are hereby acknowledged, Grantee agrees as follows:

1. Release of Security Interest. Effective as of the Release Date, Grantee hereby irrevocably and forever terminates, releases and discharges any and all security interests in the Patents granted by the Grantor under the Patent Security Agreement.
2. Recordation of Release. The Grantee understands and agrees that this Release may be recorded with the USPTO and/or the UKIPO by Grantor and/or IBM, its agents, successors or assigns.

3. Further Actions. At the request of Grantor or IBM, Grantee further agrees to execute any other documents and take any further action reasonably necessary in any state, country or jurisdiction that may be reasonably required to effect the intent and purpose of this Release.

IN WITNESS WHEREOF, Grantee has caused this Release to be executed as an instrument under seal by its duly authorized officer as of the Release Date.
