ASSIGNMENT, RELEASE, AND QUITCLAIM OF PATENTS AND INVENTIONS

THIS ASSIGNMENT, RELEASE, AND QUITCLAIM OF PATENT AND INVENTIONS ("ASSIGNMENT") is made effective as of February 17²⁰¹², 2012 (the "Effective Date") among: (i) CORE ONCOLOGY, INC. ("ASSIGNOR"), a Washington corporation with offices at Inland Corporate Center, Suite 450, 7525 SE 24th Street, Mercer Island, Washington 98040-2334, (ii) EVERBANK, a Federal savings bank as successor to BANK OF FLORIDA, TAMPA BAY ("SECURED PARTY"), with offices at 777 South Harbour Island Boulevard, Suite 100, Tampa, Florida 33602; and (iii) THERAGENICS CORPORATION ("ASSIGNEE"), a Delaware corporation with offices at 5203 Bristol Industrial Way, Buford, GEORGIA 30518.

WHEREAS, ASSIGNOR and SECURED PARTY desire to transfer and assign to ASSIGNEE, and ASSIGNEE desires to accept, all of the right, title, and interest in, to, and under the U.S. and foreign patents and patent applications, and the inventions disclosed and described therein, listed on EXHIBIT A annexed hereto and incorporated herein by reference (all of the foregoing being referred to herein as the "Patents");

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration from ASSIGNEE, the receipt and sufficiency of which is hereby acknowledged by ASSIGNOR, and for and in consideration of One Dollar (\$1.00) and other good and valuable consideration from ASSIGNEE, the receipt and sufficiency of which is hereby acknowledged by SECURED PARTY, the parties hereto agree as follows.

ASSIGNOR represents and warrants to ASSIGNEE that, except with respect to the SECURED PARTY: (i) ASSIGNOR is the owner of the Patents, has all rights thereto, and is under no encumbrances or restrictions in entering into this ASSIGNMENT; (ii) ASSIGNOR is not aware of any proceedings of any type, including but not limited to, U.S. and non-U.S. courts, tribunals, arbitration, or administration bodies challenging ASSIGNOR's rights in any of the Patents; (iii) no claim (oral or written) has been asserted against ASSIGNOR adverse to ASSIGNOR's ownership and control of all rights in and to any of the Patents; and (iv) ASSIGNOR has not granted any rights to any third party with respect to the use or registration of the Patents.

ASSIGNOR hereby irrevocably and unconditionally assigns, sells, transfers, conveys, and delivers to ASSIGNEE, and ASSIGNEE hereby accepts, all of ASSIGNOR's entire worldwide right, title and interest in and to the Patents and any divisional, continuation, continuation-in-part, reissue, reexamination or other applications, based in whole or in part thereon, and in and to all inventions and improvements disclosed and described therein, in and to any application or applications filed or which may be filed (i) as a Patent Cooperation Treaty patent application or other international patent application, (ii) as a regional patent application, or (iii) in countries other than the United States, which correspond to said application or claim priority of said application in whole or in part (corresponding applications), in and to any Letters Patent and similar protective rights granted on said corresponding applications, and in and to the right to claim any applicable priority rights arising from or required for said corresponding applications under the terms of any applicable conventions, treaties, statutes, or regulations, said applications to be filed and issued in the name of ASSIGNEE, or its designee, insofar as permitted by applicable law, and any and all rights and causes of action to sue for, recover, and retain past,

present, or future damages, royalties, fees, profits, or other relief, including equitable or injunctive relief, arising from infringement of the Patents by a third party, whether arising prior to or subsequent to the Effective Date, the same to be held and enjoyed by the said ASSIGNEE, its successors and assigns from and after the Effective Date hereof as fully and entirely as the rights would have been held and enjoyed by ASSIGNOR had this ASSIGNMENT not been made.

ASSIGNOR will defend, indemnify and hold ASSIGNEE harmless from and against any claims of third parties based on rights in any of the Patents such third parties allege to have received from ASSIGNOR.

SECURED PARTY does hereby release and quitclaim to and in favor of ASSIGNEE, and ASSIGNEE hereby accepts the release and quitclaim of, all of SECURED PARTY's right, title, and interest in, to, and under the Patents and any divisional, continuation, continuation-in-part, reissue, reexamination or other applications, based in whole or in part thereon, and in and to all inventions and improvements disclosed and described therein, in and to any application or applications filed or which may be filed (i) as a Patent Cooperation Treaty patent application or other international patent application, (ii) as a regional patent application, or (iii) in countries other than the United States, which correspond to said application or claim priority of said application in whole or in part (corresponding applications), in and to any Letters Patent and similar protective rights granted on said corresponding applications, and in and to the right to claim any applicable priority rights arising from or required for said corresponding applications under the terms of any applicable conventions, treaties, statutes, or regulations, said applications to be filed and issued in the name of ASSIGNEE, or its designee, insofar as permitted by applicable law, and any and all rights and causes of action to sue for, recover, and retain past, present, or future damages, royalties, fees, profits, or other relief, including equitable or injunctive relief, arising from infringement of the Patents by a third party, whether arising prior to or subsequent to the Effective Date, the same to be held and enjoyed by the said ASSIGNEE, its successors and assigns from and after the Effective Date hereof as fully and entirely as the rights would have been held and enjoyed by ASSIGNOR had this ASSIGNMENT not been made.

IN WITNESS WHEREOF, the parties hereto have caused their duly authorized officers to execute this ASSIGNMENT and make it effective as of the Effective Date.
