## ASSIGNMENT

THIS PATENT ASSIGNMENT is made from the inventor named below (hereinafter, **Assignor**) to Cybereason Inc, incorporated under the state of Delaware, having a place of business at Rodney Square, 100 North King Street, New Castle County, Wilmington DE 19801 (hereinafter, **Assignee**).

WHEREAS the Assignor has made an invention that is described in a patent application entitled METHOD AND APPARATUS FOR COMPUTER INTRUSION DETECTION, identified as docket 323-1 of Glazberg, Applebaum & Co. (hereinafter, the **Invention**) for which United States Provisional Patent Application 61/756478 was filed and a United States non-provisional Patent Application will be filed (hereinafter, the **Patent Application**),

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration paid to the Assignor, the receipt and sufficiency of which are hereby acknowledged, the Assignor agrees to assign, and hereby does assign, to the Assignee the entire right, title and interest in and to the Invention, including, without limitation, the Patent Application and all other provisional and non-provisional applications deriving from the Patent Application, and including any original and/or reissued Letters Patent of the United States granted for the Invention and any divisions, reissues, continuations, continuations-in-part and extensions of any such Patent Application(s), and including any patents or other forms of protection of industrial property that may be granted in relation to the Invention in any other country, and including the rights to file and prosecute all applications for patents and other forms of protection of industrial property in the United States and other countries and to claim priority from the Patent Application in the United States and in any other country, and including the subject matter of any and all claims which may be obtained in such patents and the right to enforce such patents.

The Assignor hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patents of the United States resulting from the Patent Application and any divisions, reissues, continuations, continuations-in-part thereof to the Assignee, as Assignee of the entire interest, and likewise authorize officials of other countries to issue patents and other forms of industrial property protection to the Assignee.

The Assignor hereby covenant that he has full right to convey the entire interest herein assigned, and that he has not executed and will not execute any agreement in conflict herewith.

The Assignor agrees to execute all papers in connection with the abovementioned Patent Application and any applications filed as divisions, reissues, continuations, or continuations-in-part thereof or otherwise deriving from the abovementioned Patent Application, including separate assignments in connection
