ASSIGNMENT

WHEREAS:

For good and valuable consideration, the receipt of which is hereby acknowledged, I, Vinton PACETTI (hereinafter "Assignor"), residing at the address indicated below, hereby assign to Killer Pads Distribution, LLC, a California Corporation having a place of business at 371 Second Street, Suite F, Encinitas, CA, 92024, and its successors and assigns (collectively, hereinafter "Assignee"), the entire right, title and interest throughout the world in the invention and improvements which are the subject of an application for United States Patent signed by me, entitled WALLET INSERT, filed March 14, 2013, and assigned U.S. Serial No. _____, and I authorize and request the attorney appointed in said application to hereafter complete this assignment by inserting above the serial number of said application when known; and

WHEREAS:

Assignor's assignment includes all rights and title in the U.S. Patent Application and any improvements thereon, including rights for the entire term afforded by the Patent Application, as well as such rights as may be acquired for the entire term of any additional Re-issue, Re-examination, Continuation, Divisional, Continuation-in-part, Utility and/or Substitute Patent Application, as well as rights to the entire term of any counterpart Foreign Patent Applications, including any applications filed under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, and the Foreign National Patent Applications that may be derived therefrom, as well as any Utility Model Applications, and rights to the entire term of any Patents, Certificates and/or Registrations that may be granted upon any of the foregoing applications, and any priority rights (*i.e.*, the right to claim the benefit of priority) to any of the foregoing Applications and/or Patents in whole or part, any Inventor's Certificates, and any and all other like rights of exclusion (hereinafter "Invention").

THEREFORE:

Assignor hereby assigns to Assignee one hundred percent of his collective rights, titles and interests in the Invention, and Assignor authorizes Assignee to apply in all countries in its name or in Assignor's name for any such rights as have been named in the foregoing section. Assignor authorizes the rights, titles and interests to be held and enjoyed by the Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made. Assignor hereby covenants that he has full right to convey the entire interest herein assigned and that no agreement has been executed or will be executed in conflict herewith.

Assignor further agrees to: a) cooperate with Assignee, its heirs, assigns and legal representatives in the prosecution of each and every Patent, Patent Application and like document relating to rights of exclusion resulting from this Assignment; b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and c) perform such other acts as Assignee lawfully may request to obtain to maintain the rights, titles and interests granted herein without further compensation to Assignors, their heirs or legal representatives.

Executed this 14th day of March, 2013
