Whereas, Fonar Corporation  
a corporation of Delaware herein referred to as "assignee" whose mailing address is  
110 Marcus Drive; Melville, New York 11747-4292  
is desirous of acquiring the entire right, title and interest in the same;

NOW, THEREFORE, in consideration of the sum of one dollars (\$ 1.00 ), the receipt whereof  
is acknowledged, and other good and valuable consideration, I as assignor hereby sell, assign and set over to said  
assignee my entire right, title and interest for the United States of America and all other countries in and to said  
invention and the aforesaid utility patent application and all original, divisional, continuation, continuation-in-part,  
substitute or reissue applications and patents applied for or granted therefor in the United States of America and all  
other countries, for said invention, including without limitation all applications and patents for said invention claiming  
priority or benefit of the aforesaid utility application pursuant to any law or treaty, and including the right to claim such  
priority or benefit and the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all  
patents on said improvements or resulting therefrom to said assignee herein, as assignee of the entire interest therein;  
and the undersigned for me and my legal representatives, heirs and assigns do hereby agree and covenant without  
further remuneration, to execute and deliver all original, divisional, continuation, reissue and other applications for  
Letters Patent on said improvements and all assignments thereof to said assignee or its assigns, to communicate to  
said assignee or its representatives all facts known to the undersigned respecting said improvements, whenever  
requested, to testify in any interferences or other legal proceedings in which any of said applications or patents may  
become involved, to sign all lawful papers, make all rightful oaths, and to do generally everything necessary to aid  
assignee, its successors, assigns and nominees to obtain patent protection for said improvements in all countries, the  
expenses incident to said applications to be borne and paid by said assignee.

I, as assignor, hereby assign to said assignee all of my right, title and interest in United States Provisional Application  
No. 61/566,291, filed December 2, 2011, and in the invention disclosed thereto in all countries of the world including the  
right to claim priority or benefit of said Application No. 61/566,291 pursuant to any law or treaty in the countries of the
