ASSIGNMENT

We, Richard M. Dow, 507 E. Roumfort Road, Philadelphia, PA 19119 and Stephen J. Kryven of 20 Huntingdon Place, Langhorne, PA 19047 hereby declare that we are the inventors of the invention relating to **MACHINE FOR ALTERNATING TUBULAR AND FLAT BRAID SECTIONS AND METHOD OF USING THE MACHINE**, described in a non-provisional application Serial No. 13/718,641 filed December 18, 2012 for Letters Patent of the United States of America.

For valuable consideration received, We hereby sell, assign, and transfer to Triaxial Structures, Inc., a Pennsylvania corporation, with its principal place of business located at 1520 Campus Drive, Suite A, Warminster, PA 18974, duly organized and existing under the laws of Pennsylvania, its successors, and assigns, our entire right, title, and interest, for the U.S. and for all countries worldwide in and to said patent applications and said inventions, and all the rights and privileges under any and all applications and Letters Patents that may be granted therefore or claiming priority therefrom, and any divisions, continuations, continuations-in-part, reissues, reexaminations, substitutions, and extensions thereof.

We agree that, when requested, we will, without charge to said Corporation but at its expense, sign all papers, take all rightful oaths, make all rightful declarations, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents or other forms of protection for said inventions in any and all countries, and for vesting title thereto in said Corporation, its successors, assigns or nominees.

We agree that we will communicate to said Corporation or its representatives any facts known to us respecting said inventions and, when requested by said Corporation and at its expense, will testify in any legal proceedings, and generally do everything possible to aid said Corporation, its successors, assigns, and legal representatives or nominees, to obtain or enforce proper protection for said inventions in any and all countries.

We authorize and empower said Corporation, its successors, assigns or nominees, to make application for patent or other form of protection for said inventions in its or their own name, or in our name, in any and all countries, and to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right or priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

PATENT

ATTORNEY DOCKET: E1190-000112

We hereby consent that a copy of this Assignment shall be deemed a full, legal, and formal equivalent of any Assignment, consent to file or like document, which may be required in any country for any purpose, and more particularly, in proof of the right of the said Corporation or its successors, assigns or nominees to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.
