ASSIGNMENT

WHEREAS, the undersigned **Energy Eye, Inc.** (the "Assignor"), is the owner of the entire right, title, and interest of the Letters Patent set forth below, and

WHEREAS, **WEB Eye, Inc.**, (hereinafter referred to as "Assignee"),

with an address of:   26137 Wyndemere Ct.  
Escondido, CA 92026  
United States of America

desires to acquire the entire right, title and interest in and to the inventions, and in and to the said application and any Letters Patent(s) that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor assigns to Assignee, all right, title and interest in and to said inventions and in and to said application and all patents which may be granted therefor, and all provisional applications related thereto and any divisions, reissues, continuations, continuations-in-part and extensions thereof; and Assignor authorizes and requests the Commissioner of Patents and Trademarks to issue all applications and patents for said inventions, or patents resulting therefrom, insofar as our interest is concerned, to Assignee.

Assignor also assigns to Assignee, all right, title and interest in and to the inventions disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said inventions in its own name throughout the world, including all rights to publish cautionary notices reserving ownership of said inventions and all rights to register said inventions in appropriate registries; and Assignor further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

Assignor will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee. Assignor will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible

to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said inventions in all countries.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
