WHEREAS, each Inventor wishes to convey to Belron Hungary Kft - Zug Branch, a registered Swiss branch of a Hungarian company, ("Assignee") and Assignee desires to acquire the entire interest, right and title in, to and under: (i) the Inventions (defined below); and (ii) to all Letters Patent or similar legal protection to be obtained therefor in the United States and in any and all foreign countries;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Inventor agrees as follows:

1. Assignment of Patent Applications. Each Inventor hereby irrevocably assigns, transfers, and conveys to Assignee all of the Inventor's right, title and interest in, to and under Patent Cooperation Treaty Application No. PCT/GB2011/050993 and the inventions and improvements disclosed therein (collectively, the "Inventions"), including but not limited to (i) all patent applications directly or indirectly claiming priority to Patent Cooperation Treaty Application No. PCT/GB2011/050993, including all national phase applications, non-provisional applications, divisional applications, counterpart applications, continuation applications, and continuation-in-part applications, whether filed in the United States or other countries, unions, or regions; (ii) all Letters Patent or similar legal protection issuing from any of the foregoing applications or granted for any Invention in the United States and its territorial possessions and in all other countries, unions, or regions; and (iii) all rights to enforce any of the foregoing, including, but not limited to, the right to sue and collect damages for any past or future infringements throughout the world.

2. Cooperation. Each Inventor shall execute and deliver or shall cause to be delivered all transfers, assignments, conveyances, powers of attorney, assurances, declarations, or any other documents, and take all such further action necessary to confirm, effectuate, or record the assignments granted herein, as Assignee may, from time to time, reasonably request. Each Inventor, upon Assignee's request, shall: (i) provide promptly to Assignee or its designee all pertinent facts and documents related to the Inventions as may be accessible to or known by each Inventor and testify to the same in any litigation or similar proceeding related thereto; and (ii) promptly execute and deliver to Assignee or its designee any and all papers, instruments or affidavits required to obtain, maintain, defend, issue, protect, and enforce the Inventions and any Letters Patent and similar legal protection related thereto in the United States or any foreign country.

3. Appointment. Each Inventor hereby constitutes and appoints Assignee, and its successors and assigns, the true and lawful attorney or attorneys in fact, with full power of substitution, for it and in its name and stead or otherwise, to institute and prosecute from time to time, any proceedings at law, in equity, or otherwise, that Assignee, or its successors or assigns, may reasonably deem proper in order to assert or enforce any claim, right, or title of any kind in and to the Inventions, and to defend and compromise any and all actions, suits, or

proceedings in respect of any of the foregoing, and generally to do any and all such acts and things in relation thereto as Assignee, or its successors or assigns, shall reasonably deem advisable. Each Inventor declares that the appointment hereby made and the powers hereby granted are coupled with an interest and shall be irrevocable by the Inventor.

4. Miscellaneous. This Assignment shall be governed, construed, and enforced in accordance with the laws of the State of Indiana, United States of America, without regard to any jurisdiction's choice of law provisions to the contrary. This Assignment shall be binding upon the Inventors and their respective successors and assigns. This Assignment may be executed in multiple counterparts, each of which shall be deemed an original and together shall constitute one and the same instrument. Facsimile copies of any signature to this Assignment shall be deemed an original signature hereto.
