ASSIGNMENT

Whereas, the undersigned Inventor(s) has/have made certain inventions, improvements, and discoveries (herein referred to as the "Inventions") as set forth in the following Patents and Applications:

Patent No.	Application No.	Filing Date	Title
D503,806	29/201,638	March 18, 2004	Knee Strap
	29/416,315		Knee Brace
	13/267,347		Back Brace
			[Working Title - Achilles Tendon Strap]
			[Working Title - IT Band Strap]

Whereas, one or more of the Inventions may be assigned to Mdub Medical, LLC, a corporation of Utah.

Whereas, MDUB Medical Associates, LLC, a corporation of Utah, desires to acquire, and each undersigned Inventor and Mdub Medical (collectively, the "ASSIGNOR") desires to grant to MDUB Medical Associates, LLC (the "ASSIGNEE"), the entire worldwide right, title, and interest in and to the Invention and in and to any and all patent applications and patents directed thereto;

Now, therefore, for good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, the ASSIGNOR hereby sells, assigns, and otherwise transfers to the ASSIGNEE, its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the Invention, the above-identified United States patents and applications, and any and all other patent applications and patents for the Invention which may be applied for or granted therefore in the United States and in all foreign countries and jurisdictions, including all divisions, continuations, reissues, reexaminations, renewals, extensions, counterparts, substitutes, and extensions thereof, and all rights of priority resulting from the filing of such applications and granting of such patents. In addition, the ASSIGNOR hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Patent, and foreign patent authorities to issue any foreign patent, granted for the Invention, to the ASSIGNEE, its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the same to be held and enjoyed by the ASSIGNEE, its successors, legal representatives, and assigns to the full end of the terms for which any and all such patents may be granted, as fully and entirely as would have been held and enjoyed by the undersigned had this Assignment not been made; and the ASSIGNOR agrees to execute any and all documents and instruments and perform all lawful acts reasonably related to recording this Assignment or perfecting title to the Invention and all related patents and applications, in the ASSIGNEE, its successors, legal representatives, and assigns, whenever requested by the ASSIGNEE, its successors, legal representatives, or assigns.

The ASSIGNOR acknowledges their prior and ongoing obligations to sell, assign, and transfer the rights under this Assignment to the ASSIGNEE and is unaware of any reason why they may not have the full and unencumbered right to sell, assign, and transfer the rights hereby sold, assigned, and transferred, and has not executed, and will not execute, any document or instrument in conflict herewith. Each undersigned Inventor also hereby grants ASSIGNEE, its successors, legal representatives, and assigns, the right to insert in this Assignment any further identification (including, but not limited to, patent Application Numbers) which may be necessary or desirable for recordation of this Assignment. This Assignment is governed by the substantive laws of the State of Utah, and any disputes will be resolved in a Utah state court or federal court sited in Utah.

The ASSIGNOR and ASSIGNEE further agree that, upon a unanimous agreement of Ken Lester, Brad Larson, and Michael L. Williams to dissolve ASSIGNEE, all right, title, and interest in the Invention shall revert back to Michael L. Williams.

The undersigned hereby authorize the patent practitioners filing the U.S. Patent Application referenced herein to add the patent numbers, filing dates, and official titles to this assignment document.

Signing as an Inventor:

Assignor: Michael L. Williams Date: 9/17/12
Michael L. Williams
