ASSIGNMENT

WHEREAS, I, Rolf Wieleba, have invented certain new and useful compositions, methods, devices, and/or systems for which a United States Patent application entitled "Heat Insulation Element for Insulating Building Facades; Heat Insulation Composite System and Method for Producing a Heat Insulation Composite System" was filed under Serial No. 13/819,294 ("Application"), and for which a Patent Cooperation Treaty patent application entitled "Heat Insulation Element for Insulating Building Facades; Heat Insulation Composite System and Method for Producing a Heat Insulation Composite System" was filed under PCT Application No. PCT/EP2011/004158 on 18 August 2011, which application claims the benefit of European Application Number 10009410.1 as filed on 09 September 2010; and

WHEREAS, Rockwool International A/S, a corporation having its principal place of business located at Hovedgaden 584, 2640 Hedehusene, Denmark, and Deutsche Rockwool Mineralwoll GmbH & Co. OHG, a corporation having its principal place of business located at Rockwool StraBe 37-41, 45966 Gladbeck, Germany, is desirous of acquiring the entire right, title and interest in and to Application and all inventions set forth therein, and all right, title and interest in, to and under any and all patents granted thereon and other forms of legal protection thereto in the United States; and

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and for other good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer and set over to Rockwool International A/S and Deutsche Rockwool Mineralwoll GmbH & Co. OHG all right, title and interest in and to the said Application for U.S. Patent, and any and all divisions, continuations, reexaminations and reissues thereof, as well as all patents of the United States which may be granted therefrom including any reissues, divisionals, continuations, renewals and extensions and the like (collectively, the "Patents"), the same to be held and enjoyed by Rockwool International A/S and Deutsche Rockwool Mineralwoll GmbH & Co. OHG for their own use and benefit, and for the use and benefit of their successors, assigns, or other legal representatives, to the end of the term or terms for which said Patents of the United States are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

And I hereby authorize and request the Commissioner of Patents to issue any and all patents on said invention or resulting from said Application and from any and all divisionals, continuations, reissues, reexaminations, renewals, and extensions thereof, to Rockwool International A/S and Deutsche Rockwool Mineralwoll GmbH & Co. OHG, as assignees of my entire interest, and hereby covenant that I have the full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith.

And I further hereby covenant and agree that I will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said

invention and to such patents as may be granted therefor, to **Rockwool International A/S** and **Deutsche Rockwool Mineralwoll GmbH & Co. OHG**, their successors, assigns, or other legal representatives and that if **Rockwool International A/S** and/or **Deutsche Rockwool Mineralwoll GmbH & Co. OHG**, their successors, assigns or other legal representatives shall desire to file any divisional or continuation, or to secure a reissue, or reexamination of such patents, or to file a disclaimer relating thereto, will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such divisional or continuation applications, or such application for reissue or reexamination and the procuring thereof, and for the filing of such disclaimer, without further compensation but at the expense of said assignees, their successors, or other legal representatives.

And I do further covenant and agree that I will, at any time upon request, communicate to **Rockwool International A/S** and **Deutsche Rockwool Mineralwoll GmbH & Co. OHG**, their successors, assigns or other legal representatives, such facts relating to said invention and patents or the file history thereof as may be known to me, and testify as to the same in any interference or other litigation when requested so to do, without further compensation but at the expense of said assignee, its successors, or other legal representatives.

EXECUTED THIS 18.03 day of _____, 2013.

Rolf Wieleba
